Rapidex English Speaking Course (Oriya) EDITORIAL BOARD,2015-01-09 A legendary language learning course undoubtedly Rapidex English Speaking Course is the only speaking course of its kind whose features can be described in superlative degree only It has already benefited millions of readers across the country Experts have unanimously declared it as the best self study course Perhaps that is the reason that for over 15 years it has constantly been on the top of the best sellers list in the market What is the secret of its great popularity Maybe a no nonsense down to earth approach and a very scientific methodology that takes into its account the special requirements of Indian learners In any case it is not just an another crash course that begins with a bang but ends with a whimper Rather its contents and subject matters have been specially designed to help a common man achieve maximum command on the language in a very short time The most important part of this self study course is confidence building measures because it has been found from the long experience that biggest problem in the path of fluently speaking a foreign language is hesitation that arises out of lack of confidence Many people

who have good command over the language and are well aware of its grammar and composition can't speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases however the problem is more complex as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu with the help of this book English will no more be a foreign language for you. A must for every Indian home.

Biliteracy and Globalization Vinita Vaish, 2008. This book analyzes how the urban disadvantaged in the city of New Delhi learn English. Using qualitative methods the author discusses the pedagogy, texts and contexts in which biliteracy occurs and links English language teaching and learning in India with the broader social and economic processes of globalization in a developing country. The study is situated in a government school, a site where classrooms have rarely been qualitatively described and where the Three Language Formula (TLF) is being fundamentally transformed due to increasing demand from the community for earlier access to the linguistic capital of English. Through research conducted in a call centre the author also shows what the requirements of new workplaces are and how government schools are trying to meet this demand.
