

February 2018

This month, the Centre hosted a visit from twenty-five second year student nurses from the School of Healthcare at the University of Leeds who came to observe our children. Millipedes have been particularly interested in learning about hospitals lately, and had a fantastic time with their visitors, learning about stethoscopes and syringes and role-playing with dressing up scrubs and first aid kits. A week later, they invited groups of our children to visit the Baines Wing of the University of Leeds to spend some time in their simulated children's ward! For the student nurses, the visit was a really valuable opportunity to gain experience in interacting with children, particularly putting them at ease in a hospital environment, and our children had a fantastic time, learning how to use medical equipment like stethoscopes and thermometers, and learning all about what it is like to visit a real hospital.

We also celebrated both Pancake Day and Lunar New Year! For Pancake Day, Butterflies did some mixing, using mixing spoons to stir flour and water together to make their own sticky pancake dough. Caterpillars experimented with edible materials in a tough spot, mark-making with paint brushes and a yummy mixture of blueberries, raspberries, cornflour and water. Millipedes designed their own pancakes, using paint in different colours to simulate the ingredients on a round paper pancake template - they used red paint for lots of yummy ingredients, such as jam and strawberries, and used lots of brown paint in lieu of chocolate! Like Butterflies, Dragonflies made their own pancake dough and cut them into shapes using biscuit cutters. They even made their own chocolate sauce to put on top!

This year's Lunar New Year was the celebration of the Year of the Dog, and Playscheme kicked off our activities with a visit from Homer the guide dog. Caterpillars set up a colourful sensory tough spot, mark marking with pasta and rice in vibrant red and gold colours. Ladybirds made an incredible dragon and had tea parties throughout the week, sampling different kinds of tea. Butterflies did beautiful paintings on red paper, got messy playing in noodles and lots of red and gold glitter! At reception, we had real fortune cookies for tasting and put out some Lunar New Year storybooks for our families to read together.

Lastly, the very end of February saw us hit by an avalanche of snow! We made the most of it, spending lots of time in the garden building snowmen, making snow angels and igloos, and throwing snowballs! We even painted the snow!

A Critical Appraisal of Initial Coin Offerings Dominika Nestarcova,2019-09-02 In A Critical Appraisal of Initial Coin Offerings Lifting the Digital Token s Veil Dominika Nestarcova examines the regulatory treatment of initial coin offerings ICOs a novel form of raising capital where start up companies issue blockchain based assets digital tokens to the public in return for a payment The ICO model promises to utilize blockchain technology to enforce financial contracting via the underlying code thereby substituting the traditional securities regulation Dominika Nestarcova provides an in depth analysis of this promise by examining the nature of digital tokens the process underlying benefits and risks to the model and the current state of the ICO regulation with an aim to uncover how the self regulatory promise offered by ICOs lives up the expectations *Matthew Spinka, Howard Kaminsky, and the Future of the Medieval Hussites* Thomas A. Fudge,2021-07-07 The Hussite movement is essential for understanding medieval Europe and the development of Western civilization Matthew Spinka and Howard Kaminsky stand at the forefront of scholarship introducing this subject to the Anglophone world Thomas A Fudge argues their role in the religious historiography of late medieval Europe is a precursor to global medievalism Combining commitment to the Christian faith with firm opposition to the Soviet mandated Marxist Communist ideology that dominated twentieth century Czechoslovakia Spinka strove to present Jan Hus as a medieval figure driven by religious devotion Motivated by Jewish atheism and a modified form of Marxist analysis Kaminsky rescued the medieval Hussites from oblivion and political agendas Fudge explores biography history and historiography as an essential intellectual segue between medieval Hussites and modern scholarship Matthew Spinka Howard Kaminsky and the Medieval Hussites considers biography evaluates the work of both historians elaborates their methods assesses their interpretations and analyzes their historiographical significance for the study of Hussite history *Guns and College Homicide* Stephen K. Boss,2019-01-10 At a time when mass shootings in schools and other public spaces have become commonplace it might seem surprising that American college campuses are not magnets for murderers but sanctuaries from them Because of remarkably effective gun safe policies deaths by firearms on college campuses are 1 000 times less frequent than in the U S public at large Drawing on crime data submitted in compliance with the Clery Act and public reports of those crimes this study inventories every documented homicide at a U S college or university between 2001 and 2016 making a compelling argument for using gun safe campuses as guides for broader public safety **Assessing Russia's Actions in Ukraine and Syria, 2014-2022** John A. Pennell,2024-09-11 Russia s actions in Syria and Ukraine during 2014 and 2022 reveal more continuity than change and more evolution than revolution in warfare These actions mostly reflect what the Kremlin perceives as changes in strategic and technological contexts which impacts who fights wars and how wars are fought A Transmedia Archaeology of Film Promotion Online Kim Walden,2025-10-27 At a time when more films are released annually than there are days in the year films must compete for audience attention As a result promotional budgets have risen exponentially with online becoming the

fastest growing sector Film websites don't just promote films they chronicle backstories map storyworlds introduce characters and provide spaces for audiences to congregate Yet as a hybrid of promotion storytelling and community hub these sites are ephemeral and when the promotional work is done they are often locked taken down and disappear without trace This book considers this emerging form Where have film websites been collected and archived What forms do these websites take And how do audiences engage with film websites Drawing on media archaeological methods as well as developing new strategies to investigate these intriguing media objects this book suggests that film websites are worthy of consideration as cultural artefacts in their own right In *Beyond the Screen* 2014 Sarah Atkinson describes film sites as new filmic objects and an unparalleled cultural form This book makes these new filmic objects its focus and sets out to discover more about them The Producers Guild of America's definition of transmedia practices extends to narrative commercial and marketing roll outs so one way these new filmic objects can be understood is as a kind of transmedia marketing However while there is no shortage of how to manuals on transmedia storytelling and transmedia marketing these practices remain under theorised in the literature So this is what this book sets out to do
