Remedial Exercises English Language EsL Learning Online:

Optimizing Online English Language Learning and Teaching Maria-del-Mar Suárez, Walaa M. El-Henawy, 2023-04-14 This book focuses on English as a Foreign Language EFL and provides advice on how to approach EFL teaching in the online context Coronavirus has accelerated e learning significantly and has highlighted the need of appropriate web tools that will allow teachers to present their material either synchronously or asynchronously while also adequately assess their students At the same time there is a need of tools that can engage the students and motivate them to actively participate in the lesson With e learning being a rather new challenge for both teachers and students this book provides research and practice based chapters with strategies techniques approaches and methods which have proven to be successful in e learning environments maximizing their impact Apart from presenting research results with strong pedagogical implications on online or blended English language learning and teaching the book also trains educators on utilizing online tools and managing online learning environments and platforms

Second Language Use Online and its Integration in Formal Language Learning Andrew D. Moffat, 2022-07-06 This book explores the relationship between online second language L2 communicative activities and formal language learning It provides empirical evidence of the scale of L2 English use online investigating the forms most commonly used the activities likely to cause discomfort and the challenges experienced by users and takes a critical approach to the nature of language online beyond the paradigms of written versus spoken The author explores the possibilities for language teaching practices that engage with and integrate learners L2 English online use not only to support it but to use it as input for classroom learning and to enhance and exploit its incidental learning outcomes This book will be of interest to postgraduate students and researchers interested in computer mediated communication online discourse and Activity Theory while language teachers will find the practical ideas for lesson content invaluable as they strive to create a successful language learning community
