**Who Gets In?** Rebecca Zwick, 2017-05-15 When it comes to the hotly disputed topic of college admissions the one thing everyone agrees about is that it's unfair But there is little agreement on what a fair process would be Rebecca Zwick takes a hard look at the high stakes competition of U S college admissions today Illustrating her points using analyses of survey data from applicants to the nation's top colleges and universities she assesses the goals of different admissions systems and the fairness of criteria from high school grades and standardized test scores to race socioeconomic status and students academic aspirations The demographic makeup of the class and the educational outcomes of its students can vary substantially depending upon how an institution approaches its task Who Gets In considers the merits and flaws of competing approaches and demonstrates that admissions policies can sometimes fail to produce the desired results For example some nontraditional selection methods can hurt more than help the students they are intended to

benefit As Zwick shows there is no objective way to evaluate admissions systems no universal definition of student merit or blanket entitlement to attend college Some schools may hope to attract well rounded students while others will focus on specific academic strengths What matters most is that a school s admissions policy reflects its particular educational philosophy Colleges should be free to include socioeconomic and racial preferences among their admissions criteria Zwick contends but they should strive for transparency about the factors they use to evaluate applicants Subject Guide to Books in Print ,1993 College Board Review ,1957 **College Board Achievement Test in Mathematics** Morris Bramson,1982 *Paperbound Books in Print* ,1992 **Randax Education Guide** ,1989 The College Board Review ,1998 *Books in Print* ,1993-09 V 1 Authors A D v 2 Authors E K v 3 Authors L R v 4 S Z v 5 Titles A D v 6 Titles E K v 7 Titles L Q v 8 Titles R Z v 9 Out of print out of stock indefinitely v 10 Publishers **The Software Encyclopedia** ,1988 *Scoring High on the NMSQT-PSAT, National Merit Scholarship Qualifying Test and Preliminary Scholastic Aptitude Tests* David Reuben Turner,1974 **El-Hi Textbooks in Print** ,1984 How to Get Into College Frank Hamilton Bowles,Charles Robert Pace,James Champion Stone,1968 **Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress.
