[Psycho-Cybernetics and Self-Fulfillment](#) Maxwell Maltz,2013-07-22 Maxwell Maltz was an American cosmetic surgeon and author of Psycho Cybernetics which was a system of ideas that he claimed could improve one's self image In turn the person would lead a more successful and fulfilling life He wrote several books among which Psycho Cybernetics was a long time bestseller influencing many subsequent self help teachers His orientation towards a system of ideas that would provide self help is considered the forerunner of the now popular self help books The word cybernetic comes from the Greek for steersman and in the modern sense usually refers to systems of control and communication in machines and animals how for instance a computer or a mouse organises itself to achieve a task Maltz applied the science to man to form psycho cybernetics However while inspired by the development of sophisticated machines his book denounced the idea that man can be reduced to a machine Psycho cybernetics bridges the gap between our mechanistic models of the brain's functioning cliches like Your brain is a wonderful computer and the knowledge of ourselves as being a lot more than machine Maltz's genius was in saying that while we were machines and while the dynamics of goal setting and self image might best be described in mechanistic

terms the fantastic variety of our desires and our ability to create new worlds were uniquely human What could never be reduced to machine analogies were the fires of imagination ambition and will In this book Psycho Cybernetics and Self Fulfillment Dr Maxwell Maltz teach about Goals Self Image Happiness and more [Summary of Psycho-Cybernetics by Maxwell Maltz](#) QuickRead, Alyssa Burnette, Unlock the super computer of your self esteem Have you ever thought about your brain like it s a machine Maxwell Maltz believes that the human mind is the most powerful computer in the world and that your self esteem is the software it needs to run If you need a boost for your self esteem or you d simply like to learn more about how to make the most of your mind Psycho Cybernetics 1960 is your guidebook to unlocking your potential and creating your best life Do you want more free book summaries like this Download our app for free at <https://www.QuickRead.com> App and get access to hundreds of free book and audiobook summaries **DISCLAIMER** This book summary is meant as a preview and not a replacement for the original work If you like this summary please consider purchasing the original book to get the full experience as the original author intended it to be If you are the original author of any book on QuickRead and want us to remove it please contact us at [hello@quickread.com](mailto:hello@quickread.com)
