Matthew H Patton and Frederic Clarke Putnam is a syntax resource for intermediate Hebrew students that introduces them to the principles and exegetical benefits of discourse analysis when applied to biblical Hebrew prose and poetry *Basics of Biblical Hebrew Grammar* Gary Davis Pratico, 2001 *A Fresh Look at Genesis 1-2* Gary W Schneider, 2021-03-15 One of this book's main themes is how God's Book of Nature is concordant with His Book of Scripture In their writings many of the pioneers of the Scientific Revolution often referred to God's two Books These brilliant naturalists were also devout Christians But that was back then Is modern science actually compatible with Scripture More to the point are the findings of 21st century science concordant with the Genesis creation story What else does the text of Genesis 1-2 have to say While making an honest effort to answer those questions some vitally important theological concepts which were introduced by Moses in the first two chapters of Genesis are also examined and discussed in this volume This comprehensive study on how modern science is concordant with the intended meaning of the text of Genesis 1-2 has many useful features including the following Much of the first two parts of the book consists of background material on 1 logic 2 history and philosophy of science and 3 scientific method as well as 4 basic geological principles 5 descriptions of Plate Tectonic theory and 6 the principles and methods of radiometric dating This background material is designed to help the reader to understand the implications of the empirical evidence presented in Part Two God's Book of Nature Similarly there is also extensive material on 1 Biblical interpretation and hermeneutics 2 textual criticism 3 the history of ancient Israel 4 development of the Hebrew language and 5 some of the basic elements of Biblical Hebrew This material is given prior to looking at the literary structure and genre of the Genesis 1-2 text and then conducting thorough and complete exegetical analyses of the various textual units of Genesis 1-2 in Part Four God's Book of Scripture Prior to the exegetical analyses for each of the textual units of Genesis 1-2 1 the Biblical Hebrew text 2 a standard English translation and 3 an Interlinear version of the text of that unit are provided The Interlinear version consists of a the Hebrew text with b SBL transliterations and c English glosses below each one of the Hebrew words Color coding and other types of annotations highlighting are used throughout Part Four God's Book of Scripture in order to help the reader identify important Biblical Hebrew elements including recurring phrases important BH words and key BHVS verb forms There are more than 2000 detailed footnotes Many of these footnotes also cross reference other topics in the book to make it easier for the reader to refer back to a discussion of some important theme or concept Excerpts from the entries of reputable Hebrew and Greek lexicons for words written in the original languages of the Biblical text are also footnoted An Appendix is included with a Key to Transliteration and Pronunciation for Biblical Hebrew graphemes it also has a short section on Biblical Hebrew Accent Markings Numerous detailed colored figures are sprinkled throughout the text In many of these figures the artwork itself is worth the inexpensive price of the digital edition of this book Part Six The Good News is worth reading as a stand alone exposition of God's Grace but it also helps put the rest of the book in context Although the most common and logical way to read *A Fresh Look at Genesis 1-2* is from start to finish this

1100 page book was also intended to be used as a reference work Footnotes direct the reader back to pertinent material in preceding chapters that might not have been read already or that readers might want to revisit in order to refresh their memory on some topic More information is available at <https://www.afreshlookatgenesis.org/> *The Battle of The Sexes: It's Been Downhill Since The Garden* H.R. Boaz, 2021-05-08 The Battle of the Sexes explores how the Word of God YHWH both the Old Testament and the New Testament has been twisted to support a narrative that is not in the Scriptures Traditional translations and teachings of the Bible have either presumed or assumed that men are given power and dominion over women But nowhere in the Bible is this statement made not even in Genesis Bereishis 3:16 And your husband will rule over you which is not spoken as an imperative but rather as a prophecy The original Hebrew language of the first five books of Moses also known as the Torah Old Testament tells a very different story of the primal couple A story that is contrary to what is often taught in all religions that use the Word of YHWH as their foundation namely Judaism Christianity and Islam With an abbreviated overview of human history as told from YHWH's point of view we discover a connection of how all cultures have come to share similar myths legends and stories with the Torah And how these ancient archetypes of good and evil have been misused to support a psychological and socio political advantage of men over women Likewise a brief foray into the unique Hebrew language the ancient language in which YHWH created our world and dictated the Torah to Moses provides proof that the Word of God is indeed communication from another dimension Like a massive encrypted message the Torah includes multiple levels of God given fences that protect the Word of God from man's distorted perspective The Hebrew language itself provides the most significant fence Like no other language each Hebrew word defines itself by the letters that make up the word This is only one feature of the holy text that assures that the instructions of YHWH remain intact regardless of man's interpretations The Battle of the Sexes is an examination from a fresh viewpoint into the issues that arise between the genders which stem from the original disobedience of God's one instruction by the primal couple in the Garden of Eden Gan Eden We see a more complete perspective of who did what in the initial defiance and how we continue to struggle in the female male relationship with those very same issues first raised in Gan Eden Moreover with clarity the Hebrew language reveals a much greater significance of the female to the human experience than is typically taught in any religion Exposed in her Hebrew name which is not usually translated properly is her irrefutable role in God's plan of salvation for the human race God did not make women subservient to men and YHWH did not give men or women dominion over anything but the animals and the earth to utilize as God intends Humanity is to work together not to manipulate or fight to assume power over one another Nowhere is this idea more consequential than in the marriage relationship Being the preeminent human relationship YHWH presents marriage as the foundation for all other human relationships from Bereishis the beginning creation of our world and the human creature Undergirding the arrogant impudent presumption that men are to rule over women is the equally destructive fallacy that God is masculine The Battle of the Sexes explores how from the initial verses and chapters of

the first book of Torah the book of Genesis we begin to understand how as the Jewish Sages say with the change of one letter the world is destroyed With the misinterpretation and misunderstanding of one Hebrew word adam our modern grasp of the essence of YHWH and the female male relationship as described in Torah has been distorted and all but destroyed The Battle of the Sexes is sure to not only answer but raise many questions regarding the female male relationship as well as humanities relationship with God *Biblical Hebrew: A Compact Guide* Miles V. Van Pelt,2019-04-16 *Biblical Hebrew A Compact Guide Updated Edition* by Miles V Van Pelt is a handy at a glance reference with summaries of Hebrew grammar paradigms a basic lexicon and more This edition has been updated to correspond to the third edition of *Basics of Biblical Hebrew*
