The Handbook of Research on Future Opportunities for Technology Management Education is a comprehensive reference book that enables readers to comprehend the trends in technological changes and the need to orient business education and technology management in workplaces. The book serves to support with the formation and implementation of appropriate policies for technology management. Covering topics such as big data analytics, cloud computing, adoption, and massive open online courses (MOOCs), this text is an essential resource for managers, technologists, teachers, executives, instructional designers, libraries, university researchers, students, faculty, and industry thought leaders. *Communication, Cloud and Big Data* Hiren Kumar, Deva Sarma, Prativa Rai, Samarjeet Borah, 2014-12-31 Analysis of big data is becoming a hot stuff for engineers, researchers, and business enterprises now a days. It refers to the process of collecting, organizing, and analyzing large sets of data to discover hidden patterns and other useful information. Not solely can massive information analytics assist to know the knowledge contained inside the information; however, it will additionally facilitate to determine the information that is most significant to the business and future business choices. Cloud computing is the type of computing that relies on sharing computing resources rather than having local servers or personal devices to handle applications. Cloud computing aims at applying traditional supercomputing or high performance computing power to perform tens of trillions of computations per second in consumer-oriented applications such as financial portfolios to deliver personalized information to provide data storage, etc. Since big data places on networks, storage, and servers requirements, arise to analyse this huge amount data on the cloud. Even cloud providers also welcome this new business opportunity of supporting big data analysis in the cloud. But in the same time they are facing various architectural and technical hurdles. Therefore, big data analysis in cloud attracting many researchers now a days. The National Conference on Communication, Cloud and Big Data (CCB 2014) organized by Department of Information Technology, SMIT has received keen response from researchers across the country.
