(Re)telling Ripper in Alan Moore's From Hell Megan Alice Smida, 2010. When Alan Moore began his work on From Hell in the 1980s the popular conception of the graphic novel as low brow art still reigned. The inclusion of extensive annotations as an appendix to the novel providing references and explanations in a manner that reflects academic conventions attempts to situate his novel as not merely a creative fictionalization of the Ripper murders but as a genuine scholarly hypothesis as to the identity and motive of the killer. His hypothesis is so fantastic however that it nearly demands to be dismissed as pure conspiracy theory. Conflicting notions of scholarship and conspiracy raise questions about the abilities of narrative historiography to provide insight into the past. Moore grapples with issues of research and myth building in a second graphic appendix and the two appendices work together examining the limitations of academic discourse as a whole and its ability to provide clear cut answers to historical events.

Horror Comics in Black and White Richard J. Arndt, 2013-01-21. In 1954 the comic book industry instituted the Comics Code, a set of self regulatory guidelines imposed to placate public concern over gory and horrific comic book content effectively banning genuine horror comics. Because the Code applied only to color comics many artists and writers turned to black and white to circumvent the Code's narrow confines. With the 1964 Creepy 1 from Warren Publishing black and white horror comics experienced a revival continuing into the early 21st century, an important step in the maturation of the horror genre within the comics field as a whole. This generously illustrated work offers a comprehensive history and retrospective of the black and white horror comics that flourished on the newsstands from 1964 to 2004. With a catalog of original magazines, complete credits and insightful analysis it highlights an important but overlooked period in the history of comics.

The Demon: Hell's Hitman Garth Ennis, 2015-12-29. Garth Ennis and artist John McCrea's legendary run featuring the origin and first adventures of their acclaimed super powered assassin Etrigan. For nearly two thousand years Jason Blood has served as a living host for the demon Etrigan. In return for his longevity he must bear the burden of unleashing Etrigan against any Earthly incursions from his fellow Hell spawn and their mortal collaborators as well as watching the innocent and guilty alike suffer his all consuming wrath. On the mean streets of Gotham City however the innocent are in short supply. Corruption oozes from every corner and the rotten fruit that it bears is too great a temptation for the denizens of the underworld to resist, no matter what the laws of God or man command. Such defiance cannot go unpunished. Luckily one fiery fiend stands ready to strike back and restore the balance of terror freshly commissioned by the lords of the damned as HELL'S HITMAN. Collects THE DEMON 40 and 42-49 together with THE DEMON ANNUAL 2.
