Loose Leaf Version Math In Our World:

Loose Leaf for Math in Our World Allan G. Bluman, David Sobecki, Professor, 2014-04-14 The author team of Dave Sobecki and Allan Bluman created an engaging text and digital program aimed at meeting the needs of today's liberal arts math students resulting in the third edition of Math in Our World This revision focused on further development of critical thinking skills through several hundred revised exercises and examples still presented within the hallmark style of the Math in Our World program Carefully chosen questions help students to form a connection between relevant examples and the mathematical concepts of the chapter Using the engaging writing style characteristic of the text the authors support concepts through abundant examples helpful practice problems and rich exercise sets The author team was also deeply engaged in the development of the Connect and LearnSmart online content to help ensure a consistent experience for students regardless of medium The result is an exceptionally engaging program that is able to both effectively and creatively convey the fundamental concepts of a liberal arts math curriculum to even the most hesitant student

Loose Leaf Version Math In Our World: Media Update Angela Schirck-Matthews, Allan Bluman, David Sobecki, 2012-01-12 The author team of Dave Sobecki Angela Matthews and Allan Bluman have worked together to create the second edition of Mathematics in Our World an engaging text catered to the needs of today's liberal arts mathematics students This revision focuses strict attention to a clear and friendly writing style integration of numerous relevant real world examples and applications and implementation of the step by step approach used for years in Bluman's Elementary Statistics A Step by Step Approach The result is an exceptionally engaging text that is able to both effectively and creatively convey the basic concepts fundamental to a liberal arts math curriculum for even the most hesitant student

Loose Leaf Version: Math In Our World David Sobecki, 2010-01-20

Loose-leaf Version for Quantitative Literacy Bruce Crauder, Benny Evans, Jerry Johnson, Alan Noell, 2017-12-15 I finally understand why I need to learn some math says a student after finishing a course that used Quantitative Literacy That enthusiastic response gets to the heart of how this remarkable textbook works Quantitative Literacy shows students that they use math in their everyday lives more than they realize and that learning math in real world contexts not only makes it easier to get better grades but prepares them for decisions they'll face about money voting and politics health issues and much more The authors draw on a wide range of examples to give students basic mathematical tools from sports to personal finance to sociopolitical action to medical tests to the arts with coverage that neatly balances discussions of ideas with computational practice

Scientific Loose-leaf Version for American Environmental Science for a Changing World Anne Houtman, 2012-07-15 Environmental Science for a Changing World captivates students with real world stories while exploring the science concepts in context Engaging stories plus vivid photos and infographics make the content relevant and visually enticing The result is a text that emphasizes environmental scientific and information literacies in a way that engages students
