## **New English File Intermediate Grammar Key:**

English File Intermediate Workbook with Key, 2025-01-23 *English File: Upper-Intermediate: Workbook with Key* Oxford Editor, 2020-01-09 English File's unique lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills. How will English File get your students talking? Lessons and activities that provide the necessary language motivation and opportunity for students to talk with confidence. Learners build confidence to communicate with a proven balance of Grammar, Vocabulary, Pronunciation and Skills Development in every File. Teachers and students have access to all their English File resources: video, audio, worksheets and much more in one easy-to-manage place. **Grammar in ELT and ELT Materials** Graham Burton, 2023-06-06 This book investigates the content of the grammar syllabus typically employed in mainstream English Language Teaching. Using a mixed methods approach, the author examines how the syllabuses used in coursebooks are actually constructed, how they evolved, and how valid their contents are as a basis for teaching. The research reported consists of a broad exploration of primary sources in order to outline the evolution of ELT pedagogical grammar, ten interviews with key ELT authors and publishing professionals which allows for the investigation of the decision-making processes underlying the choice of grammar content in ELT teaching materials, and finally the presentation of case studies which examine three areas of grammar, analysing the evolution of their treatment in ELT materials, both historical and contemporary, and comparing their current treatment to data on real learner use. This book contributes to the literature on syllabus design and pedagogical grammar and builds on existing research into materials design. It will be of interest to researchers and professionals working in the fields of applied linguistics, pedagogical grammar, curriculum design and materials design. **New English File** Clive Oxenden, Christina Latham-Koenig, Tracy Byrne, 2009 The completely new edition of English File 1 based on the principles that have made English File so popular. Key features: New English File gives you 100 new lessons that work, that are fun, and that get students talking. It offers more grammar support, more Vocabulary Banks, and the English File illustrated pronunciation system. It has the best Teacher's Book there is, with an unequalled level of teacher support. **Teaching and Researching English Accents in Native and Non-native Speakers** Ewa Waniek-Klimczak, Linda R. Shockey, 2012-12-14 Second language phonology is approached in this book from the perspective of data-based studies into the English sound system as used by native and non-native speakers of the language. The book offers a unique combination of psycholinguistic, sociolinguistic and pedagogical approaches with individual contributions investigating the effect of selected conditioning factors on the pronunciation of English. With all the richness of approaches, it is a strong phonetic background that unifies individual contributions to the volume. Thus, the book contains a large body of original primary research which will be of interest to experienced scientist-practitioners and lecturers, as well as graduate students planning to embark on empirical methods of investigating the nature of the sound system. **The Publishers'**
