Orange County Gustavo Arellano, 2008-09-16 Bestselling author of *Ask a Mexican* Gustavo Arellano returns with *Orange County* a seamlessly woven history of California's Orange County with Gustavo's personal narrative of growing up within its neighborhoods. The story began in 1918 when Gustavo Arellano's great grandfather and grandfather arrived in the United States only to be met with flying potatoes. They ran and hid and then went to work in Orange County's citrus groves where eventually thousands of fellow Mexican villagers joined them. Gustavo was born sixty years later the son of a tomato canner who dropped out of school in the ninth grade and an illegal immigrant who snuck into this country in the trunk of a Chevy. Meanwhile Orange County changed radically from a bucolic paradise of orange groves to the land where good Republicans go to die. American Christianity blossoms and way too many bad television shows are green lit. Part personal narrative part cultural history *Orange County* is the outrageous and true story of the man behind the wildly popular and controversial column *Ask a Mexican* and the locale that spawned him. It is a tale of growing up in an immigrant enclave in a crime ridden neighborhood but also in a promised land a place that has nourished America's soul and Gustavo's family both in this country and back in Mexico for a century. Nationally bestselling author syndicated columnist and the spiciest voice of the Mexican American community Gustavo Arellano delivers the hilarious and poignant follow up to *Ask a Mexican* his critically acclaimed debut *Orange County* not only weaves Gustavo's family story with the history of Orange County and the modern Mexican immigrant experience but also offers sharp *caliente* insights into a wide range of political cultural and social issues.

The Generative Church Cory Seibel, 2019-10-10 Virtually all churches aim to invest meaningfully in the faith development of the younger generations who have been entrusted into their care. Some churches have a longstanding track record of faithfulness in living out this commitment. Some lose sight of this priority over time and allow their intentionality to fade. This book makes a distinctive contribution to our understanding of children's youth and young adult ministries by appropriating Erik Erikson's concept of generativity the interest in establishing and guiding the next generation as a way of exploring congregational life. Eleven accomplished authors representing five different countries provide diverse theological and cultural perspectives on key aspects of what it means for churches to invest intentionally in the faith development of the members of emerging generations. Their chapters challenge us to think about the intergenerational dynamics of our churches the crucial partnership between church and parents and what it means to involve young people meaningfully in the life of the church. The intriguing topics explored by this group of authors and the diverse contexts from which they write promise to broaden and enrich our thinking about caring for children youth and young adults as a vital responsibility shared by the entire congregation.
