

A collection of geological tools and specimens is arranged on a wooden surface. On the left, there is a silver-colored compass with a white face and a black needle. Next to it is a black cylindrical object, possibly a lens or a small container. In the center, a black magnifying glass is positioned over a small, light-colored rock specimen. To the right, there is a larger, reddish-brown rock specimen. In the foreground, several other rock specimens are scattered, including a dark, textured one, a light-colored one, and a prominent greenish-blue one. The background is a dark, textured surface, possibly a rock face or a wooden board. The overall scene is dimly lit, with a blue vertical bar on the right side of the image.
