Close Protection Sample Exam Questions Security Training:

Professional Security Management Charles Swanson, 2020-06-10 Historically security managers have tended to be sourced from either the armed forces or law enforcement But the increasing complexity of the organisations employing them along with the technologies employed by them is forcing an evolution and expansion of the role and security managers must meet this challenge in order to succeed in their field and protect the assets of their employers Risk management crisis management continuity management strategic business operations data security IT and business communications all fall under the purview of the security manager This book is a guide to meeting those challenges providing the security manager with the essential skill set and knowledge base to meet the challenges faced in contemporary international or tech oriented businesses It covers the basics of strategy risk and technology from the perspective of the security manager focussing only on the need to know The reader will benefit from an understanding of how risk management aligns its functional aims with the strategic goals and operations of the organisation This essential book supports professional vocational accreditation and qualifications such as the Chartered Security Professional CSyP or Certified Protection Professional CPP and advises on pathways to higher education qualifications in the fields of security and risk management It is ideal for any risk manager looking to further their training and development as well as being complementary for risk and security management programs with a focus on practice

Studying the Agency of Being Governed Stina Hansson, Sofie Hellberg, Maria Stern, 2014-09-15 This edited volume seeks to provide guidance on how we can approach questions of governing and agency particularly those who endeavour to embark on grounded empirical research by rendering explicit some key challenges tensions dilemmas and confluences that such endeavours elicit Indeed the contributions in this volume reflect the growing tendency in governmentality studies to shift focus to empirically grounded studies The volume thus explicitly aims to move from theory to practice and to step back from the more top down governmentality studies approach to one that examines how one can does study how relations of power affect lives experience and agency This book offers insight into the intricate relations between the workings of governing and the possibility for people s agency on the one hand and about the possible effects of our attempts to engage in such studies on the other In numerous ways and from different starting points the contributions to this volume provide thoughtful insights into and creative suggestions for how to work with the methodological challenges of studying the agency of being governed This work will be of great interest to students and scholars of international relations global governance and research methods

[Gender and Private Security in Global Politics](#) Maya Eichler, 2015 For two hundred years the provision of military security has been a central and defining function of the modern nation state The increasing reliance on private military and security companies in contemporary conflict marks a fundamental transformation in the organization of military violence and it raises issues of accountability and ethics that are of particular concern to feminists This privatization of force not only enables states to circumvent citizens democratic control

over questions of war and peace but also undermines women s and minority groups claims for greater inclusion in the military sphere Gender and Private Security in Global Politics brings together key scholars from the fields of international relations security studies and gender studies to argue that privatization of military security is a deeply gendered process The chapters employ a variety of feminist perspectives including critical postcolonial poststructuralist and queer feminist perspectives as well as a wide range of methodological approaches including ethnography participant observation genealogy and discourse analysis This is the first book to develop an extended feminist analysis of private militaries and to draw on feminist concerns regarding power justice and equality to consider how to reform and regulate private forces

The Oxford Handbook of Law and Anthropology Marie-Claire Foblets,Mark Goodale, Maria Sapignoli,Olaf Zenker,2022 Represents a comprehensive and interdisciplinary treatment to the field of law and anthropology Decentres the standard Anglo Euro centric bias that prevails in both law and anthropology Gives unique perspectives on issues of contemporary relevance Provides the historical background but focuses on the future of the field Book jacket

StarBriefs Plus Andre Heck,2004-03-31 With about 200 000 entries StarBriefs Plus represents the most comprehensive and accurately validated collection of abbreviations acronyms contractions and symbols within astronomy related space sciences and other related fields As such this invaluable reference source and its companion volume StarGuides Plus should be on the reference shelf of every library organization or individual with any interest in these areas Besides astronomy and associated space sciences related fields such as aeronautics aeronomy astronautics atmospheric sciences chemistry communications computer sciences data processing education electronics engineering energetics environment geodesy geophysics information handling management mathematics meteorology optics physics remote sensing and so on are also covered when justified Terms in common use and or of general interest have also been included where appropriate
