**Sustainable Entrepreneurship** Alan S. Gutterman, 2018 Tax considerations are seldom the determining factor in deciding whether to purchase a business However taxes often affect the price and form e g purchase of stock or purchase of assets the acquisition takes This is true because the form of the transaction affects the buyer s present value of after tax future cash flows and therefore the price the seller will receive The tax implications of the purchase and sale of a business largely depend upon who the buyer and seller are and what is being bought and sold The business being purchased may be an unincorporated proprietorship a single owner limited liability company LLC a partnership or an LLC with more than one member a C corporation or an S corporation The form of the sale asset or stock affects the character of the seller s gain ordinary or capital and the buyer s basis of the assets The buyer s basis will

eventually become tax deductions Just as the price the buyer is willing to pay is based on the projected present value of the after tax proceeds the price that is acceptable to the seller will depend upon his or her expected after tax proceeds Each party must be aware of the other party's tax consequences to achieve a rational agreement Sustainable Innovation and Entrepreneurship Rolf Wüstenhagen,2008 When I received the review copy I was rather excited the book as a collection of research papers that in themselves are very interesting and provide a fast track into the literature of the subject in question it is a worthwhile purchase to support thinking on entrepreneurship and innovation in a world where the sustainability agenda is increasingly becoming the agenda for inventors entrepreneurs and those who fund them or invest in their companies All the papers are well written and scholarly A particularly strong feature of the chapters is the range of sources quoted at the end of each chapter These references provide pathways into many different literatures that might save much time for subsequent researchers Lorraine Warren International Journal of Entrepreneurial Behaviour and Research
