Introduction to Social Work Rex Austin Skidmore, 1988

*Rescuing Aid in Syria* Natasha Hall, 2022-05-04 International aid to Syria is at an inflection point Operationalizing

humanitarian principles and securing ceasefires would allow the aid community to close gaps in coverage and move toward making communities more resilient helping stabilize the region Failing to do so will exacerbate the deprivation and oppression that started the war prolonging instability far into the future This CSIS report delves into the challenges to aid provision throughout Syria and recommends a way to overcome them It is based on interviews with over 130 UN officials aid workers negotiators diplomats and analysts working on the aid response as well as a review of databases open source documents and internal reports and evaluations

**Monster Metaphors** Peter J. Adams,2023-05-11 This book explores ways in which common metaphors can play a detrimental role in everyday life how they can grow in outsized importance to dominate their respective terrains and push out alternative perspectives and how forms of resistance might act to contain their dominance The volume begins by unpacking the dynamics of metaphors their power and influence and the ways in which they are bolstered by other rhetorical devices Adams draws on four case studies to illustrate their destructive impact when they eclipse other points of view the metaphor of mental illness the metaphor of free flowing markets the metaphor of the mind as a mirror and the metaphor of men as naturally superior Taken together these examples prompt further reflection on the beneficiaries of these monster metaphors and how they promote such metaphors to serve their own interests but also on ways forward for challenging their dominance strategies for preventing their rise and ways of creating space for alternatives This book will be of interest to scholars interested in the study of metaphor across such fields as linguistics rhetoric and media studies

**The Debt Crisis in Africa** E. Wayne Nafziger,1993 Since the 1970s African nations have faced chronic economic stagnation increased poverty debt and growing inequality among the classes This book examines attempts to alleviate these problems by such bodies as the World Bank and the International Monetary Fund IMF to name a few The Epidemiological Transition James N. Gribble,Samuel H. Preston,1993-01-01 This book examines issues concerning how developing countries will have to prepare for demographic and epidemiologic change Much of the current literature focuses on the prevalence of specific diseases and their economic consequences but a need exists to consider the consequences of the epidemiological transition the change in mortality patterns from infectious and parasitic diseases to chronic and degenerative ones Among the topics covered are the association between the health of children and adults the strong orientation of many international health organizations toward infant and child health and how the public and private sectors will need to address and confront the large scale shifts in disease and demographic characteristics of populations in developing countries
