Le Guin, 1987-03-15 50TH ANNIVERSARY EDITION WITH A NEW INTRODUCTION BY DAVID MITCHELL AND A NEW AFTERWORD BY CHARLIE JANE ANDERS Ursula K Le Guin s groundbreaking work of science fiction winner of the Hugo and Nebula Awards A lone human ambassador is sent to the icebound planet of Winter a world without sexual prejudice where the inhabitants gender is fluid His goal is to facilitate Winter s inclusion in a growing intergalactic civilization But to do so he must bridge the gulf between his own views and those of the strange intriguing culture he encounters Embracing the aspects of psychology society and human emotion on an alien world *The Left Hand of Darkness* stands as a landmark achievement in the annals of intellectual science fiction **The Left Hand of Darkness** Ursula K. Le Guin, 1983-03-15 When *The Left Hand of Darkness* first appeared in 1969 the original jacket copy read Once in a long while a whole new world is created for us Such worlds are Middle Earth Dune and such a world is Winter Twenty five years and a Hugo and Nebula Award later these words remain true In *Winter or Gethen* Ursula K Le Guin has created a fully realized planet and people But *Gethen* society is more than merely a fascinating creation The concept of a society existing totally without sexual prejudices is even more relevant today than it was in 1969 This special 25th anniversary edition of *The Left Hand of Darkness* contains not only the complete unaltered text of the landmark original but also a thought provoking new afterword and four new appendixes by Ms Le Guin When the human ambassador Genly Ai is sent to *Gethen* the planet known as *Winter* by those outsiders who have experienced its arctic climate he thinks that his mission will be a standard one of making peace between warring factions Instead the ambassador finds himself wildly unprepared For *Gethen* is inhabited by a society with a rich ancient culture full of strange beauty and deadly intrigue a society of people who are both male and female in one and neither This lack of fixed gender and the resulting lack of gender based discrimination is the very cornerstone of *Gethen* life But Genly is all too human Unless he can overcome his ingrained prejudices about the significance of male and female he may destroy both his mission and himself *The Left Hand of Darkness* Ursula K. Le Guin, 1984 A groundbreaking work of science fiction *The Left Hand of Darkness* tells the story of a lone human emissary to *Winter* an alien world whose inhabitants can change their gender His goal is to facilitate *Winter* s inclusion in a growing intergalactic civilization But to do so he must
