The Accountant's Guide to Corporation, Partnership, and Agency Law Sidney Wolf, 1989-09-07 This book contains a summary of the laws that govern business associations and are designed to help accountants spot potential problems their clients may encounter The author an attorney and environmental consultant divided the material into three parts corporations partnerships and agencies Each begins with a discussion and explanation of applicable legal terminology followed by the steps necessary to create the type of entity the duties and responsibilities of officers and other relevant matters The dissolution of each type of business also receives coverage This material provides a good refresher course on the basics of business law for the busy practitioner

Journal of Accountancy This book fills a major gap in the literature for professional accountants by offering a comprehensive discussion of the law concerning the three major types of business associations corporations partnerships and agencies As

Wolf notes at the outset accountants must have adequate knowledge of the laws governing business associations if they are to successfully perform professional services for their clients the failure to spot potential legal problems can often spell disaster for a particular business Wolf offers a current accurate in depth treatment of the laws of business association in one logically organized source specifically written to address the needs and concerns of accounting professionals Following an introduction the volume is divided into three major sections each dealing with a specific type of business association For each Wolf draws on the relevant federal and state laws uniform laws common law and judicial decisions to present a clear picture of significant issues Section One deals with laws involving management shareholder s rights corporate financial structure mergers and acquisitions securities regulation and dissolution In the section devoted to partnerships separate chapters address partnership formation property rights and liabilities of partners termination and limited partnerships The final section covers agency creation duties liabilities and termination Taken as whole this volume represents an important addition to the professional literature available to accountants in both corporate and private practice
