Leslie Stephen, Sir Sidney Lee

Wren Solutions:

Roadside MBA Michael Mazzeo, Paul Oyer, Scott Schaefer, 2014-06-10 In this refreshingly different high toned business book three leading business school professors take to America's back roads in search of offbeat small businesses enterprises that hold valuable lessons for executives and entrepreneurs everywhere Bloomberg Businessweek While playing hooky from a conference in Boston a few years back three former colleagues from Northwestern's Kellogg School of Management hopped in a car and embarked on a life changing road trip They pulled into a shoe store in Maine and noticed that the sales help was unusually pushy After a few questions they discovered the store had a secret shopper program in which employees would be marked down if they were not sufficiently aggressive with customers A lightbulb went off Instead of teaching the tried and true case studies involving GE and Microsoft these three men decided to pull their heads out of their ivory towers and search for insights about product differentiation pricing brand management building a team and a host of other topics Why take your cues on employee compensation from Wall Street when you can learn from a Main Street company like Couer D Alene's best crime scene cleaner Want to learn about scaling a business Come meet Dr Burriss the flying orthodontist who operates multiple profitable practices in rural Arkansas Spiced with vehicular mishaps and unexpected finds this is one business book you won't want to miss

Structural and Civil Engineering Design William Addis, 2016-12-05 The importance of design has often been neglected in studies considering the history of structural and civil engineering Yet design is a key aspect of all building and engineering work This volume brings together a range of articles which focus on the role of design in engineering It opens by considering the principles of design then deals with the application of these to particular subjects including bridges canals dams and buildings from Gothic cathedrals to Victorian mills constructed using masonry timber cast and wrought iron
