Codeigniter 3:

Padtoils Collection - (II) Archit Saxena,2024-02-17 Note This book and the other book in series does not explains features of php from zero rather it is meant for those who have some beginner level of knowledge in the particular language In general both books have compilation of codes in simple way From some last month s two things simultaneously happened First one is that I got to work as a Developer in one reputed company and other is the book Padtoils Collection I Using Core Php that I have already published some couples of years back was getting highly downloaded So these two things motivated or rather compelled me to come with a new book which can include my learning while pursuing the job Since the previous book dealt mainly with core php I diverted this new one to the frameworks related to php and that also to the most popular one CodeIgniter and Laravel Overall the aim of writing this book is same as the first one that is for the certainty that it may help someone out there ISBN 978 93 340 7680 6

Laravel: Up and Running Matt Stauffer,2016-11-21 This practical book teaches Laravel piece by piece starting from the ground up It s not a reference book you ll work through creating usable real world tools and applications as a way to learn all of the pieces of the framework The purpose of this book is to teach beginners the foundations necessary to quickly become proficient with Laravel This book is ideal for developers with experience in PHP or other C family programming languages especially those who don t have the time or resources to sift through the multitude of training resources available online This is your single resource to Laravel when you want to get up and running right away

Laravel: Up & Running Matt Stauffer,2019-04-01 What sets Laravel apart from other PHP web frameworks Speed and simplicity for starters This rapid application development framework and its ecosystem of tools let you quickly build new sites and applications with clean readable code Fully updated to cover Laravel 5.8 the second edition of this practical guide provides the definitive introduction to one of today s mostpopular web frameworks Matt Stauffer a leading teacher and developer in the Laravel community delivers a high level overview and concrete examples to help experienced PHP web developers get started with this framework right away This updated edition also covers Laravel Dusk and Horizon and provides information about community resources and other noncore Laravel packages Dive into features including Blade Laravel s powerful custom templating tool Tools for gathering validating normalizing and filtering user provideddata The Eloquent ORM for working with application databases The role of the Illuminate request object in the application lifecycle PHPUnit Mockery and Dusk for testing your PHP code Tools for writing JSON and RESTful APIs Interfaces for filesystem access sessions cookies caches and search Tools for implementing queues jobs events and WebSocket event publishing

Phaser.js Game Design Workbook Stephen Gose,2017-12-02 This is a different book format for game development unlike anything you have seen As I create a generic game in html5 using phaser js framework you develop your own game by simply following and translating my easy concepts into your own game design When you complete this workbook unlike other game development books you will have your own game not a game of the author s For

example if you have never created an online game in html5 and JavaScript you might like to start with chapters 1 through 3 while a seasoned game developer might like chapters 4 8 11 and the appendix The workbook s appendix is a resource dictionary with all the open source free assets on the Internet Each chapter guides you in my decision design process <http://www.stephengose.com> you see why I am choosing various business and software results all of this in well commented source code so you can get it right away In summary you complete your own exciting game in your selected genre using the free open source Phaser JavaScript Gaming Framework and other JavaScript tools following this step by step workbook The power of the Phaser JavaScript Framework is yours

Smart Infrastructure and Applications Rashid Mehmood,Simon See,Iyad Katib,Imrich Chlamtac,2019-06-20 This book provides a multidisciplinary view of smart infrastructure through a range of diverse introductory and advanced topics The book features an array of subjects that include smart cities and infrastructure e healthcare emergency and disaster management Internet of Vehicles supply chain management eGovernance and high performance computing The book is divided into five parts Smart Transportation Smart Healthcare Miscellaneous Applications Big Data and High Performance Computing and Internet of Things IoT Contributions are from academics researchers and industry professionals around the world Features a broad mix of topics related to smart infrastructure and smart applications particularly high performance computing big data and artificial intelligence Includes a strong emphasis on methodological aspects of infrastructure technology and application development Presents a substantial overview of research and development on key economic sectors including healthcare and transportation
