Review of Public Personnel Administration, 2006 Include abstracts **Current Bibliographical Information** Dag Hammarskjöld Library, 1980 **The Journal of Environment & Development**, 2008 *Government Laboratory Technology Transfer* Sally Rood, 2018-02-06 This title was first published in 2000 Due to budget cuts and competitiveness pressures determining the outcome of technology transfer from government R D laboratories to private industry and entrepreneurial start ups is of increasing interest This book presents a series of case studies of successful technology transfer by examining the same list of topics for each case It presents a format for analyzing the cases topic by topic a methodology that could be used by any R D laboratory The book also goes one step further and compares the cases that took place prior to national technology transfer legislation with those cases that took place after passage of such legislation An additional feature is the summary of existing attempts to measure and evaluate technology transfer This follows a background section on the technology policy context The analysis finds that there is a significant commercial impact from government laboratory transfer using this approach *State & Local Government Review*, 2011 *Crime and Social Justice*, 1982 **Social Work**, 1990 *ARNOVA News*, 2003 **Race, Politics, and Community Development in U.S. Cities** James Jennings, 2004-07 As U S cities compete for economic resources many city leaders adopt business friendly policies which boost opportunities for big businesses and institutions in their area This progrowth strategy proposes to generate jobs for residents and higher tax revenues for local government As a result according to the logic of progrowth economic benefits will trickle down to improve the living conditions in working class and impoverished neighborhoods In spite of this strategy poverty rates among urban Latinos and Blacks is staggering even in cities that have pursued neoliberal policies These progrowth strategies seem to have had little or no impact on resolving problems like poverty unemployment homelessness and the alienation of youth from communities of color Community development has been and continues to be a response to these kinds of problems But local political struggles can determine the direction of community development towards neighborhood empowerment and representation of neighborhood interests versus community development on behalf of progrowth policies This issue of the ANNALS examines the interplay between progrowth politics community development and race It goes well beyond a broad brushstroke of the topic and examines several specific cities and how they have implemented these strategies and their impact on impoverished populations and race relations By using concrete examples the authors discuss how community development fits or does not fit within the framework of progrowth policies and politics The volume covers several important themes Community development is not politically neutral and must be discussed within a broad political economic and even global context Local politics play a major role in determining the direction nature and

possibilities of community development A high level and sustained community participation is crucial for the representation of low income urban neighborhoods in cities pursuing progrowth policies Race remains a fundamental issue I city politics and influences the political interplay between progrowth strategies and community development Utilizing information and analysis across several disciplines this issue offers important research for students scholars and practitioners in areas of political science economics sociology urban studies and race relations
