do not individually or collectively tell us who we are 4 The biggest barrier to awakening is the belief that it is something rare When this barrier is dropped or at least you start to tell yourself that awakening is difficult then everything becomes available to you When you start to take in this awakesness it is mind boggling **Emptiness Dancing**

The Most Important Thing Adyashanti,2019-01-01

From esteemed teacher Adyashanti a collection of writings on the search for the ultimate reality beneath the narrative of our lives Our inner lives are every bit as astonishing baffling and mysterious as the infinite vastness of the cosmos Adyashanti We all define our lives through the lens of stories Whether we see ourselves as heroes or victims good people or bad everyone lives according to interwoven strands of narrative And yet teaches Adyashanti the truth is bigger than any concept or story Drawn from intimate deep dive talks The Most Important Thing presents writings devoted to the search for the ultimate reality of a self that exists beyond the bounds of storytelling Here you will find vivid anecdotes and teaching stories that illuminate the felt experience of Adyashanti s teachings those moments of grace in which every stone tree ray of light and fraught silence reveal that none of us is alone and no one is ever truly isolated from the whole of existence These selections consider Exploration of the true meaning of birth life and death Why grace can arrive both through struggle and as an unexpected gift Meditation as the art of listening with one s entire being Why a good question can be far more powerful than a concrete answer How the things you choose to serve shape your life Discovering the wisdom found in surprise sadness and uncertainty Embodying your innate and inextricable connection with the total environment The nature of ego and the ways it manifests The moments of grace upon which all great religions pivot What is the story of your life Is it happy or adventurous Sad or lonely In The Most Important Thing Adyashanti shows you how to look past your personal narratives delve inward and connect with the truths that fundamentally animate all of us

Heartlight K. Michael Curcuru,2017-01-27 Foreword

Heartlight This book will change your relationship with reality K Michael Curcuru bestows enlightenment in a book What you hold in your hands doesnt just have words about light It conveys light This book is a touchstone Get into it Let it wash over you Read aloud the exquisite passages and relish the sparkling energy that enfolds you This is a new literary genre stream of light consciousness writing When I began reading Heartlight my recovering English teacher started sputtering Oh dear thats what hes using as a verb Then the beauty and flow of the book moved me into a different way of being with it Michael really does see the world as hes written it here He embodies radiant light And this book imparts transformation just as Michael does energetically speaking because Michael is that light He has discovered a way of gifting an enlightened level of being to you by experiencing his book Heartlight is an energetic field Like a magnetic field realigns poles of iron filings you will find yourself feeling lighter expanded and more open hearted and self loving when you spend time in this book You will absorb this book at a subatomic level Avoid seeking the sentence structure Newtonian method Let your right brain fall in love with

this book Use the creative fluid random part of you that senses wholeness rather than constructs it As you drop into this book you may find yourself swept away poised on the crest of a word wave Awash in alluring alliteration you ask From whence did I come You can find your way home Dorothy by remembering Heartlight is about how to be the light in the Illusion it is how to find the light trust the light and be cradled by the light As Michael would say In Joy Namaste Phyllis Kirk JD Quantum Lite Simplified How to Calm the Chaos **The End of Your World (EasyRead Edition)** , More Than Allegory Bernardo Kastrup,2016-04-29 This book is a three part journey into the rabbit hole we call the nature of reality Its ultimate destination is a plausible living validation of transcendence Each of its three parts is like a turn of a spiral exploring recurring ideas through the prisms of religious myth truth and belief respectively With each turn the book seeks to convey a more nuanced and complete understanding of the many facets of transcendence Part I puts forward the controversial notion that many religious myths are actually true and not just allegorically so Part II argues that our own inner storytelling plays a surprising role in creating the seeming concreteness of things and the tangibility of history Part III suggests in the form of a myth how deeply ingrained belief systems create the world we live in The three themes myth truth and belief flow into and interpenetrate each other throughout the book **Transform Your Life with Meditation** David Filaber,2013-05 Throughout the ages on every continent on earth there have been people who seek the truth and many were able to devote their lives to finding the truth about the meaning of life These people were aware that there is something more than meets the eye Their courage and dedication enabled them to awaken from the illusion of the world around them Using meditation to release the mind from the external world of illusions they are able to wake up from the illusion of the outside world How does one find the truth about the nature of one s own existence How does one see what cannot be seen with the naked eye How does one wake up from the illusions surrounding us This book is a great choice both for those who are looking for comprehensive knowledge of the benefits of meditation and those who are simply curious about what meditation is This book is designed for people who are reflecting on their own life Open it and you will attract yourself to internal reflection This book shows the benefits of meditation and how it can improve the quality of your mental health and ultimately your life This book illustrates what meditation truly is and is based on the combined years of experience of the famous masters of meditation Hopefully you will find it a source of inspiration When Spirit Leaps Bonnie L. Greenwell,2018-05-01 Written by a transpersonal psychologist and non dual teacher When Spirit Leaps will help readers understand spiritual awakening and how it occurs across all traditions offering companionship and practical solutions to challenges along their own spiritual paths With this book based on over thirty years of case studies readers will learn about the process and different portals of awakening and find support in the real life stories of those who have experienced this shift in consciousness and being **An Unlikely Guru** Chick Atkins,2023-11-28 How a Neurotic Jewish Real Estate Developer from New Jersey Found Enlightenment And How You Can Too How can I stop worrying so much How do I learn to look for approval in myself rather

than others How do I slow the pace of life How can I learn to accept death How can I find happiness The answers to these questions and more can be found in this enlightening book Its author however is the antithesis of the traditional spiritual guru He dresses in business clothes rather than a robe and sandals He has never lived in a small stone hut in the Himalayas nor does he collect crystals or read auras All his insights have required eyeglasses Married for 40 years with three kids Charles Chick Atkins has experienced all the joys and sorrows that life normally bestows He is human just another guy behind the wheel in traffic Non descript But Chick is different in one significant way Chick is awake In the nine chapters of this book he identifies nine moments of enlightenment in his life Each provided a new level of comprehension and understanding that led to greater peace and happiness Each provided answers to life s big questions This book is for everyone who feels disconnected or overwhelmed and who is yearning to be happy and whole but who can t leave their 9 to 5 job or spend a week meditating in the Berkshires Unlike most books of this type this is not about using spirituality to escape ordinary life and live with your head in the clouds Rather it s about using spirituality to embrace ordinary life and realize how extraordinary it actually is It s a philosophy grounded in today s reality Enlightenment as you ll learn is simply living moment to moment amid all the usual nonsense with awareness and appreciation unblemished by the past You are capable of that After all even once you get all your wishes there will always be the dishes Chick writes with humor humility and most important practicality His path can be your path too In the life story of an unlikely guru you just might find insight into your own
