

English for Aviation Practice Test 3

The practice test is divided into five sections: Fluency, Comprehension, Interactions, Structure, and Vocabulary. These sections mirror the ICAO skills areas. Pronunciation has not been included as it is difficult to self-assess.

This test is designed to help students assess how strong they are in each of the skills areas. The Fluency section gives students practice in describing pictures, a common element in English language tests. The Comprehension section uses audio from the book to test students' listening comprehension. The Interactions, Structure, and Vocabulary sections are multiple choice questions to test these skills.

There are 100 questions in the test, so it is easy to double the score to calculate the result in percentage terms.
