SHANTIDEVA'S A GUIDE TO THE BODHISATTVA'S WAY OF LIFE Shantideva,2016-01-01 The Bodhisattva s Way of Life is one of the most dearly beloved Buddhist texts which has been taught and often quoted by the Dalai Lama as well as many other great Tibetan masters Because of its relevance to modern times his text has been translated into a dozen languages The Bodhisattva s Way of Life was written by the eighth century Indian Bodhisattva Shantideva and is a comprehensive outline of everything one needs to know to be a Bodhisattva A

Bodhisattva is someone who decides to work towards achieving enlightenment and to not give up this task until all other sentient beings are liberated. The Bodhisattva's Way of life begins by explaining how and why to make offerings to the Three Jewels and how to take the bodhisattva vow which is still being done this way 1,400 years later. The book also covers how to develop compassion towards those we like and also those who want to harm us. It explains the need to develop selflessness and how to actually do this as well as how to develop patience with those people and things that obstruct us. It also describes how we should carry ourselves in a peaceful and pleasing way to others and how to develop diligence and how to practice meditation. The famous ninth chapter finally explains how we should understand emptiness of all phenomena. This edition of The Bodhisattva's Way of Life is unique because it combines both a translation of the root text with each verse or set of verses followed by a lucid and relevant commentary by Thrangu Rinpoche. Khenchen Thrangu Rinpoche is very well suited for this task being a renowned Buddhist scholar who has had three decades of experience teaching students in centers across Asia, Europe, and North America. Thrangu Rinpoche has been teaching Western and Asian students Buddhism for thirty years and is author of 50 books on Buddhism. He holds the highest Lharampa degree for mastering the major teachings of all four lineages of Tibetan Buddhism. Because of his outstanding scholarship, he was appointed by the Dalai Lama to be a personal tutor for the Seventeenth Karmapa.

characterizing the Yog c ra School of Buddhism the last creative stage of Indian Buddhism as outlined and explained in one of its most authoritative and influential texts La k vat ra S tra Compiled in the second half of the fourth century A D this sutra not only represents a comprehensive synthesis of both early and late religio philosophical ideas crucial to the understanding of Buddhism in India but it also provides an insight into the very early roots of the Japanese Zen Buddhism in the heart of the South Asian esotericism The first part of the book outlines the three fold nature of Being as conceptualized in Buddhist metaphysics The author uses an interpretive framework borrowed from the existentialist philosophy of Heidegger in order to separate the transcendental Essence of Being from its Temporal manifestation as Self and from its Spatial or Cosmic dimension The second part clarifies the Buddhist approach to knowledge in its religious transcendental sense and it shows that the Buddhists were actually first in making use of dialectical reasoning for the purpose of transcending the contradictory dualities imbedded in the common ways of perceiving thinking and arguing about reality *Probing the Sutras* Guy Gibbon,2022-02-25 A compact summary like Probing the Sutras has been sorely needed for some time as more and more Westerners have dipped into meditation without any understanding of its predominantly Buddhist scriptural underpinning This concise well informed introduction to the history and contents of eleven seminal Buddhist sutras also provides suggestions for reflection meditation and practical applications related to the key teachings of each scripture Readers of Probing the Sutras will be able to develop a framework for understanding Buddhist doctrines and see the unique pearls of wisdom contained within each sutra
