in which father and son Mr White and Herbert are playing chess in their living room and are in the company of the mother It
is a cold and wet night which helps to insert and increase the suspense A new character arrives on stage whom they were
waiting for and is very dear to the family and tells them of the places he has been while serving as a sergeant in India It is
here that he tells the story of the monkey leg The monkey leg is a talisman that can be asked for three wishes but each of
these wishes are fulfilled in unexpected conditions and you have to learn to endure and live with its consequences This new
character is Sergeant Morris who as already said comes from India and tells them that an old fakir haunted this monkey leg
so that three men would ask for three wishes Apparently this monkey leg had already fulfilled the sergeant s wishes the
former owner of the talisman had also fulfilled his wishes being the last death He also explained how the talisman was used
and talked about its effectiveness Apparently Morris had been so terrified by this talisman that he decided to throw it into the
fire but Mr White decided to take it and keep it He decides to make his first wish without paying attention to the warnings
Morris had given him The first desire is money that they need to finish paying the house mortgage The money comes the next
day with a terrible consequence the death of Herbert The other two wishes ask them to remedy the fatal consequence of the
first but after the last wish it is as if it annulled everything as if nothing had happened beyond the first desire The
