

A single water droplet is captured in mid-air, just above the surface of a body of water. The droplet is perfectly spherical and reflects light, creating a bright highlight. Below the droplet, the water surface is disturbed, creating a series of concentric ripples that spread outwards. The water has a deep blue hue, and the background is a soft, out-of-focus light blue, suggesting a bright sky or a calm sea. The overall composition is centered and balanced, emphasizing the impact of a single drop.
