#### Notes about mark schemes

**A** or **accept** indicates an alternative acceptable answer.

**R** = reject. This indicates a possible answer that should be rejected.

**:** The **bold** semicolon indicates the award of 1 mark.

**/** This indicates an alternative answer for the same mark. The alternatives may be separated from the rest of the answer by commas.

**( )** Text in brackets is not required for the mark.

**Underlining** This is used to indicate essential word(s) that must be used to get the mark.

**AW** means 'alternative wording'. It is used to indicate that a different wording is acceptable provided the essential meaning is the same, and is used where students' responses are likely to vary more than usual.

**AVP** means 'additional valid point'. This means accept any additional points given by the student that are not in the mark scheme, provided they are relevant. **But accept only as many additional points as indicated by the bold semicolons**, e.g. **AVP ; ;** means award a maximum of 2 extra marks.

**ORA** means 'or reverse argument' and is used when the same idea could be expressed in the reverse way. For example: 'activity increases between pH2 and pH5 **ORA**' means accept 'activity decreases between pH5 and pH2'.

**max.** This indicates the maximum number of marks that can be given.
