FOUNDATIONS OF BUSINESS 4E gives readers the comprehensive preparation they ll need to succeed in today s competitive business world By providing a brief survey of business including management and organization marketing social media and e business information systems accounting and finance this text introduces the reader to core business practices In addition the authors address other important concepts such as ethics and social responsibility forms of ownership small business concerns and entrepreneurship and international business This edition is filled with cutting edge content including up to date information on the economic crisis social networking competition in the global marketplace and the green movement as well as suggestions on how to manage a business in the midst of economic ups and downs An abundance of study aids also is available within the text and on the student companion website to help you achieve success in the course and in today s competitive business world **Applied Business Ethics: Foundations For Study And Daily Practice** Mathias Schuz,2019-06-14 What has ethics got to do with my job How can I take on ethical responsibility and help to make my company more successful at the same time Although ethical responsibility has become something of a catchphrase these days most people only have a vague idea what it means and how it can be demonstrated in actual practice Disasters like the Volkswagen s emission scandal the oil spill in the Gulf of Mexico the nuclear meltdown of Fukushima the global financial

crisis and countless lesser known cases of damage to human beings and the environment are the result of unethically irresponsible business practices Efforts to maximize profits frequently lead to reckless behavior as those in charge focus on short term benefits and ignore social and environmental risks Their actions have negative consequences not only for the victims but in many cases for the perpetrators themselves too Aggrieved interest groups or disadvantaged stakeholders may react with strikes public protests or boycotts jeopardizing their reputation and profitability This textbook Applied Business Ethics is the result of many years of research work and lecturing and is an attempt to present the most important principles and the latest approaches in business ethics to students teachers and business practitioners alike and help them to make business decisions that everyone concerned will benefit from rather than just a few fortunate stakeholders The author illustrates his theoretical subject matter with practical examples of real life situations and provides numerous exercises to help the reader grasp complex issues moral dilemmas and business risks better In clear accessible and easily understandable terms he demonstrates how ways of finding satisfactory solutions can be found in a systematic way thanks to interdisciplinary research and philosophical reflection
