a legal framework through primary and secondary rules and an ultimate rule of recognition It focuses specifically on Hart's  
reliance on the internal perspective as a means of establishing the form of obligation necessary for a legal system It examines  
Hart's treatment of the relationship between law and morality and Hart's mischaracterization of St Thomas Aquinas's natural

**Hart's Postscript** Jules L. Coleman, 2001-05-31 Published posthumously the second edition of *The Concept of Law* contains one important addition to the first edition a substantial Postscript in which Hart reflects upon some of the central concerns that have been expressed about the book since its publication in 1961 The Postscript is especially noteworthy because it contains Hart's only sustained response to the objections pressed by his foremost critic Ronald Dworkin who succeeded him to the Chair of Jurisprudence at Oxford The Postscript focuses on a range of issues covering both Hart's substantive view and his methodological commitments In particular Hart endorses Inclusive Legal Positivism asserts that his is a methodology of descriptive jurisprudence which he contrasts with Dworkin's normative jurisprudence or interpretivism while denying that his theory of law has a semantic underpinning The essays in this collection address each of these issues in a sustained way The book contains discussions of Hart's semantic commitments his rejection of a normative jurisprudence as well as the extent to which he can embrace Inclusive Legal Positivism in a way that is consistent with his other stated positions The book's contributors include the leading advocates of alternative schools of Positivist jurisprudence important contributors to the methodological disputes in jurisprudence and noted experts on the relationship of philosophy of language to jurisprudence Among the contributors of note are Joseph Raz Jules L. Coleman Stephen Perry Brian Leiter Scott Shapiro and Andrei Marmor

*A Life of H.L.A. Hart* Nicola Lacey, 2006 Shortlisted for the 2005 British Academy Book prize Nicola Lacey's entrancing biography recounts the life of H. L. A. Hart the pre eminent legal philosopher of the twentieth century Following Hart's life from modest origins as the son of Jewish tailor parents in Yorkshire to worldwide fame as the most influential English speaking legal theorist of the post War era the book traces his successive metamorphoses from Yorkshire schoolboy to Oxford scholar from government intelligence officer to Professor of Jurisprudence from awkward batchelor to family figurehead In the tradition of Ray Monk's biography of Wittgenstein Nicola Lacey paints an absorbing picture of intellectual and psychological development of a mind struggling to cope with intellectual self doubt uncertain sexuality a difficult marriage and an anti semitic society In depicting the evolution of Hart's life and mind Lacey provides a vivid recreation of both the intellectual and social climate of Oxford in the post War era

*Jurisprudence* Wayne Morrison, 2016-04-08 This challenging book on jurisprudence begins by posing questions in the post modern context and then seeks to bridge the gap between our traditions and contemporary situation It offers a narrative encompassing the birth of western philosophy in the Greeks and moves through medieval Christendom Hobbes the defence of the common law with David Hume the beginnings of utilitarianism in Adam Smith Bentham and John Stuart Mill the hope for enlightenment with Kant Rousseau Hegel and Marx onto the more pessimistic warnings of Weber

and Nietzsche It defends the work of Austin against the reductionism of HLA Hart analyses the period of high modernity in the writings of Kelsen Hart and Fuller and compares the different approaches to justice of Rawls and Nozick The liberal defence of legality in Ronald Dworkin is contrasted with the more disillusioned accounts of the critical legal studies movement and the personalised accounts of prominent feminist writers

Matthew H. Kramer,2018-11-26 H L A Hart is among the most important philosophers of the twentieth century with an especially great influence on the philosophy of law His 1961 book *The Concept of Law* has become an enduring classic of legal philosophy and has also left a significant imprint on moral and political philosophy In this volume leading contemporary legal and political philosopher Matthew H Kramer provides a crystal clear analysis of Hart s contributions to our understanding of the nature of law He elucidates and scrutinizes every major aspect of Hart s jurisprudential thinking ranging from his general methodology to his defense of legal positivism He shows how Hart s achievement in *The Concept of Law* despite the evolution of debates in subsequent decades remains central to contemporary legal philosophy because it lends itself to being reinterpreted in light of new concerns and interests Kramer therefore pays particular attention to the strength of Hart s insights in the context of present day disputes among philosophers over the reality of normative entities and properties and over the semantics of normative statements This book is an invaluable guide to Hart s thought for students and scholars of legal philosophy and jurisprudence as well as moral and political philosophy

**The Legacy of H.L.A. Hart** Matthew H. Kramer,2008 This book is the product of a major British Academy Symposium held in 2007 to mark the centenary of the birth of H L A Hart the most important legal philosopher and one of the most important political philosophers of the twentieth century The book brings together contributions from eighteen of the world s foremost legal and political philosophers who explore the many subjects in which Hart produced influential work Each essay engages in an original analysis of philosophical problems that were tackled by Hart some essays including extended critical discussions of his major works *The Concept of Law* *Punishment and Responsibility* *Causation in the Law* and *Law Liberty and Morality* All the main topics of Hart s philosophical writings are featured general jurisprudence and legal positivism criminal responsibility and punishment theories of rights toleration and liberty theories of justice and causation in the law

Human Rights, Culture and the Rule of Law Jessica Almqvist,2005-09-12 This new book examines the relationship between culture and respect for human rights It departs from the oft made assumption that culture is closely linked to ideas about community Instead it reveals culture as a quality possessed by the individual with a serious impact on her ability to enjoy the rights and freedoms as recognised in international human rights law in meaningful and effective ways This understanding redirects attention towards a range of issues that have long been marginalised but which warrant a central place in human rights research and on the international human rights agenda Special attention is given to the circumstances induced by cultural

differences between people and the laws by which they are expected to live The circumstances are created by differing tools know how and skills cultural equipment diverse settlements on matters that are ultimately indifferent from the standpoint of cosmopolitan moral law adiaphora and conflicts having their source in conflicting doctrines ethical religious and philosophical addressing deep questions about the ultimate purpose of human life comprehensive doctrines Each of the circumstances shifts the focus with the aim of securing effective and adequate protection of individual freedom as societies become increasingly diversified in cultural terms and issues arise of access to laws and public institutions exemption from legal obligations for reasons of conscience fair resolution of conflicts having their source in differing ethical religious and philosophical outlooks and excuse for breach of law in case of involuntary ignorance
