Martin Wickramasinghe About Author:

In the Footstep of the Buddha Ashvajit Dharmachari,2014-08-13 In the footstep of the Buddha is a collection of letters written whilst the author was based in Sri Lanka from 1986-90 They describe the phenomenon of ethnic Buddhism as witnessed during the author's visits to temples and forest hermitages and his meetings with monks laymen and laywomen in town and country We learn of the author's practicing and teaching the principles of individual spiritual evolution and meet the flora and fauna of the lush tropical landscape We catch occasional glimpses of the civil war that sorely troubled the Island during those years The author also tells of his visits to India during the same period and of the new Buddhist Movement unfolding there some forty years after the great Mass Conversion to Buddhism inaugurated by Dr Ambedkar in Nagpur in 1956

Buddhist Poetry and Colonialism Stephen C. Berkwitz,2013-01-21 Many researchers have explored the impact of British and French Orientalism in the reinterpretations of Buddhism in South and Southeast Asia during the nineteenth and early twentieth centuries Less noticed however and infrequently discussed is the impact of Portuguese colonialists and missionaries upon Buddhist communities in the sixteenth and seventeenth centuries across Asia Stephen C Berkwitz addresses this theme by examining five poetic works by Alagiyavanna Mukaveti b 1552 a renowned Sinhala poet who participated directly in the convergence of local and trans local cultures in early modern Sri Lanka Berkwitz follows the written works of the poet from his position in the court of a Sinhala king through the cultural upheavals of warfare and the expansion of colonial rule and finally to his eventual conversion to Catholicism and employment under the Portuguese Crown In so doing Berkwitz explores the transformations in religion and literature rendered by what was arguably the earliest sustained encounter between Asian Buddhists and European colonialists in world history Alagiyavanna's poetic works give expression to both a discourse of nostalgia for the local religious and cultural order in the late sixteenth century and a discourse of cultural assimilation with the new colonial order during its ascendancy in the early seventeenth century Employing an interdisciplinary approach that combines Buddhist Studies History Literary Criticism and Postcolonial Studies this book yields important insights into how the colonial experience contributed to the transformation of Buddhist culture in early modernity

Essays on Sri Lankan Literature and Culture A. V. Suraweera,2003

The Politics and Poetics of Authenticity Harshana Rambukwella,2018-07-02 What is the role of cultural authenticity in the making of nations Much scholarly and popular commentary on nationalism dismisses authenticity as a romantic fantasy or worse a deliberately constructed mythology used for political manipulation The Politics and Poetics of Authenticity places authenticity at the heart of Sinhala nationalism in late nineteenth and twentieth century Sri Lanka It argues that the passion for the real or the authentic has played a significant role in shaping nationalist thinking and argues for an empathetic yet critical engagement with the idea of authenticity Through a series of fine grained and historically grounded analyses of the writings of individual figures central to the making of Sinhala nationalist ideology the book demonstrates authenticity's rich and varied presence in

Sri Lankan public life and its key role in understanding postcolonial nationalism in Sri Lanka and elsewhere in South Asia and the world It also explores how notions of authenticity shape certain strands of postcolonial criticism and offers a way of questioning the taken for granted nature of the nation as a unit of analysis but at the same time critically explore the deep imprint of nations and nationalisms on people s lives
