Universal Basic Income in Historical Perspective Peter Sloman, Daniel Zamora Vargas, Pedro Ramos

Pinto, 2021-11-19 This new edited collection brings together historians and social scientists to engage with the global history of Universal Basic Income UBI and offer historically rich perspectives on contemporary debates about the future of work In particular the book goes beyond a genealogy of a seemingly utopian idea to explore how the meaning and reception of basic income proposals has changed over time The study of UBI provides a prism through which we can understand how different intellectual traditions political agents and policy problems have opened up space for new thinking about work and welfare at critical moments Contributions range broadly across time and space from Milton Friedman and the debate over guaranteed income in the post war United States to the emergence of the European basic income movement in the 1980s and the politics of cash transfers in contemporary South Africa Taken together these chapters address comparative questions why do proposals for a guaranteed minimum income emerge at some times and recede into the background in others What kinds of problems is basic income designed to solve and how have policy proposals been shaped by changing attitudes to gender roles and the boundaries of social citizenship What role have transnational networks played in carrying UBI proposals between the global north and the global south and how does the politics of basic income vary between these contexts In short the book builds on a growing body of scholarship on UBI and lays the groundwork for a much richer understanding of the history of this radical proposal Chapter 3 is available open access under a Creative Commons Attribution 4 0 International License via link springer.com **Books in Print Supplement**, 1982 **Multi Pack** John Sloman, 2004-10-01 **Africa Insight**, 2004

Critical Adult Education in Food Movements Colin R. Anderson, Rosa Binimelis Adell, Michel P. Pimbert, Marta Rivera Ferre, 2022-11-21 This book focuses on research that shows the importance of critical adult education for the spread of food sovereignty and agroecology to more people and places It pays particular attention to the important role that learning education and pedagogy can play in social transformation for food sovereignty and justice an approach referred to broadly as Learning for Transformation It reveals common dynamics and principles that critical education for food sovereignty share in different contexts The book draws together 8 chapters that offer new critical insights about why where and how learning for transformation is being implemented and what next Previously published in *Agriculture and Human Values* Volume 36 issue 3 September 2019 Chapter Transformative agroecology learning in Europe building consciousness skills and collective capacity for food sovereignty is available open access under a Creative Commons Attribution 4 0 International License via link springer.com **Essentials of Economics PDF eBook** John Sloman, 2016-02-10 The market leading concise text in introductory economics Want to see economics in action Visit the Sloman Economics News Site for a blog that's updated several times a week with current affairs and topical stories all linked to your textbook so you can explore the background to the issues more deeply This new edition of the market leading *Essentials of Economics* has been updated with the most
