Environmental Plant Physiology Neil Willey, 2018-10-26 *Environmental Plant Physiology* focuses on the physiology of plant environment interactions revealing plants as the key terrestrial intersection of the biosphere atmosphere hydrosphere and geosphere It provides a contemporary understanding of the topic by focusing on some of humankind's fundamental biological agricultural and environmental challenges Its chapters identify thirteen key environmental variables grouping them into resources stressors and pollutants and leading the reader through how they challenge plants and how plants respond at molecular physiological whole plant and ecological levels The importance of taking account of spatial and temporal dimensions of environmental change in order to understand plant function is emphasised The book uses a mixture of ecological environmental and agricultural examples throughout in order to provide a holistic view of the topic suitable for a contemporary student audience Each chapter uses a novel stress response hierarchy to integrate plant responses across spatial and temporal scales in an easily digestible framework **Bulletin de L'Institut International Du Froid**, 2005

Sexuality Education that Prioritizes Sexual Well-Being: Initiatives and Impact Jacqueline Hendriks, Allison Carter, Jessie Ford, 2025-12-01 All children and young people should receive comprehensive sexuality education from a variety of sources that empowers them to develop a positive self identity and provides them with the tools necessary to form healthy relationships and to manage their own sexuality and sexual health The positive impact such education has for the health and well being of individuals communities and societies has been extensively documented in academic literature Despite the strong evidence base the actual provision of sexuality education can vary markedly across settings and countries and may often focus on biology the prevention of violence diseases or pregnancy and the use of fear based or sex negative messaging Contemporary international guidelines and extensive empirical research strongly encourage strengths based models that are sex positive and empower young people to develop healthy relationships and to learn about pleasure and sexual well being Such programs are often grounded in human rights and ethical frameworks In reality specific examples of such programs and guidance about implementation are not easily accessible Research and evaluation data may also be limited or not widely shared The intention of this Research Topic is to showcase a variety of evidence based initiatives that prioritize and celebrate sexual well being through education The impact of such programs shall also be explored alongside broader discussions about implementation sustainability replication and scaling We are keen to spotlight initiatives that address a specific sexuality education topic alongside more extensive programs A variety of age groups preK 16 and educational settings e.g home school community online are welcome Critically a key attribute of any showcased initiative is that it seeks to provide education via sex positive approaches that address sexual well being sex positivity and or pleasure This Research Topic welcomes research that includes but is not limited to the following scientifically rigorous evaluations of educational interventions empirical examinations of best practice in educational design meta analyses of educational practice innovation or pedagogies barriers

and enablers to program implementation sustainability replication and or scale up cross cultural and or cross national studies study protocols Potential topics of interest include but are not limited to Inclusion of young people in educational design How pleasure discourse is contextualized within sexuality education curricula Human rights Implementation challenges Ethical issues Adolescents views on sex and pleasure education The role of digital technology We especially welcome submissions from young people people from key populations and community based organizations We request that submissions adhere to the principles of respectful and stigma free language
