*Law and the Arms Trade* Laurence Lustgarten,2020-09-03 This ground breaking book offers an extensive legal analysis grounded in public EU and international law of arms trade regulation integrated with insights drawn from international relations The sale of weapons and related technologies is globally one of the most politically controversial and ethically contentious forms of commerce Intimately connected with sustaining repressive governments and violations of international human rights and humanitarian law arms exports are also a central element in the economic and strategic policies of the governments of all large industrial states They have also been the source of abundant corruption and of serious challenges to the norms and effectiveness of constitutional accountability in democratic states On paper the arms trade is heavily regulated national legislation and

international treaties are in place which purport to prohibit certain transactions and limit others Yet despite its importance legal and international relations scholarship on the subject has been surprisingly limited This book fills this gap in the literature by examining and comparing the export control regimes of eight leading nations USA Russia the UK France Germany Sweden China and India with chapters contributed by leading experts in the field of law and international relations
