Idyll and Ideology Lars Hopstock, 2024-05-20 This first English language biography of Hermann Mattern (1902-1971), one of Germany's principal twentieth-century landscape architects, critically assesses the idiosyncrasies of his organic functionalist position while offering a new reading of German garden culture of his time. Mattern's work embodies several themes of the German landscape discourse, as well as the central ambivalence of his generation: a life spanning the artistic avant-garde of the 1920s and an apparently apolitical career under the Nazi regime and in the postwar period. Based on

comprehensive archival research Hopstock's richly illustrated study uncovers the professional networks, debates, and rivalries that shaped the profession of landscape architecture in Germany during its formative decades. First English biography of landscape architect Hermann Mattern. A new reading of German garden culture since 1900. Formerly unpublished archival material and illustrations from rare published sources. **The Hotel Monthly** John Willy, 1922 **Ideas for Refreshment Rooms**, 1923 *Three Seasons of Bloom* Time-Life Books, 1997 This book will show you how to go beyond the standard growing season. Learn to create a garden that displays beautiful color through three seasons of flowers.
