The Tale of Chun Hyang Jae-Hyo Shin, 2010-11-01 The legendary story of the daughter of a kisaeng Korean singer entertainer and Li Mong Ryong the son of a local lord Chun Hyang is the most beloved tale of love in Korea the subject of that nation's first ever talking film remade more than a dozen times to date The pair's separation her subsequent torture by a corrupt minister and their eventual reuniting were first remembered in pansori a Korean version of Peking Opera before the tale was written down by Shin Jae-hyo centuries later *The Tale of Chun Hyang*, 1991 **Korean Pansori as Voice**

Theatre Chan E. Park, 2023-11-16 This book introduces readers to the historical performative and cultural context of pansori a traditional Korean oral story singing art Written by a scholar practitioner of the form this study is structured in three parts and begins by introducing readers to the technical aesthetic and theoretical components of pansori as well as the synthesis of vocal and percussive elements that stage the narrative It moves on to reflect on the historical contexts of pansori alongside Korea's transformation from Joseon monarchy to modern statehood It argues that with colonial annexation came modernist influences that Korean dramatists and audiences used to create new genres of performance using the common thread of pansori The book's third part explores the interplay of preservation and innovation beginning in the post-war period and continuing with developments in the 20th and 21st centuries that coincide with Korea's imprint on cultural globalization Along with Korea's growth as a world economic center a growing enthusiasm for Korean culture around the world has increased the transmission and visibility of pansori This study argues that tradition and innovation are not as divergent as they are sometimes imagined to be and that tradition is the force that enables innovation Drawing on Chan E Park's ethnographic work and performance practice this book interweaves expert knowledge of both the textual and performative aspects of pansori rendering legible this dramatic tradition **Superheroes on World Screens** Rayna Denison, Rachel

Mizsei-Ward, 2015-05-26 Superheroes such as Superman and Spider Man have spread all over the world As this edited volume shows many national cultures have created or reimagined the idea of the superhero while the realm of superheroes now contains many icons whose histories borrow from local folklore and legends Consequently the superhero needs reconsideration to be regarded as part of both local and global culture as well as examined for the rich meanings that such broad origins and re-workings create This collection stands out as the first concentrated attempt to think through the meanings and significance of the superhero not only as a product of culture in the United States but as a series of local transnational and global exchanges in popular media Through analysis of mainly film television and computer screens contributors offer three challenges to the idea of the American superhero transnational reimagining of superhero culture emerging local superheroes and the use of local superheroes to undermine dominant political ideologies The essays explore the shifting transnational meanings of Doctor Who Thor and the Phantom as these characters are reimagined in world culture Other chapters chart the rise of local superheroes from India the Middle East Thailand and South Korea These

explorations demonstrate how far superheroes have traveled to inspire audiences worldwide

Korean Preaching, Han, and Narrative Sangyil Park, 2008 Korean Preaching Han and Narrative defines a narrative style of preaching as an alternative to the traditional expository and topical preaching that has dominated the Christian pulpit in Korean culture for more than one hundred years From a psychological and aesthetic perspective this book shows how humor in sermons can have a cathartic effect on Korean listeners Furthermore the narrative devices of Chunhyangjun suggest an endemic model for Korean Christian narrative preaching to bring the minjung healing from their han and transform their lives through the Gospel
