Contemporary Financial Management 12th Edition Moyer:

Contemporary Financial Management R. Charles Moyer, James R. McGuigan, Ramesh P. Rao, William J. Kretlow, 2012-12-20 CONTEMPORARY FINANCIAL MANAGEMENT gives students a comprehensive contemporary introduction to financial management focusing on maximizing shareholder wealth and effectively managing cash flow. Students learn the international aspects of financial management, examine the ethical behavior of managers, and study the effects of the 2008-2009 recessions on corporations. Financial Challenges icons, integrative cases, and numerous other learning features highlight critical concepts and provide important practice. Excel templates in this edition's companion website offer additional practice in using technology to achieve financial management objectives. Thomson ONE Business School Edition included with the text places the same financial analysis tool used daily by Wall Street professionals into the hands of students to further their financial management skills and success. Rowe, 2019-07-02 There are few industries that have had a more profound impact on business and society over the last century than aviation. This book is an accessible, up-to-date introduction to the current state of the aviation industry, which provides readers with the tools necessary to understand the volatile and often complicated nature of airline finance. Understanding finance is critical in any industry; however, the financial track record of the airline industry places even more importance on effective financial management. *Foundations of Airline Finance* provides an introduction to the basics of finance, including time value of money, the valuation of assets, and revenue management, and the particular

intricacies of airline finance where there can be wild fluctuations in both revenues and costs The third edition of this text has been extensively updated to reflect the many changes in the air transport industry that have taken place since the publication of the second edition and features an expanded chapter on aircraft leasing and many new international case examples This thorough introduction to aviation finance is valuable reading as a general introductory financial text or as reading in specialized airline finance classes
