*Prequels, Coquels and Sequels in Contemporary Anglophone Fiction* Armelle Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction novel expansion when the plot and characters from a finished novel are retrieved to be developed in new adventures set before after or during the narrative time of the source text If autographic and allographic sequels are almost as old as literature prequels that imagine the anteriority of a narrative and coquels that develop secondary characters in the same story time as the source text are more recent The overall trend for novel expansion spread in the mid 1980s and 1990s and has since shown no sign of abating This volume is organised following three types of relationships to the source texts even if these occasionally combine to produce a more complex structure This book comprises 11 essays preceded by an introduction that examine narrative strategies aesthetic ethical and political tendencies underlying these novel expansions Following the overview provided in the introduction the reader will find case studies of prequels coquels and sequels before a final chapter that encompasses them all and more

**Death come to Pemberley** P-D James, 2016-05-25 [History, Memory and Nostalgia in Literature and Culture](#) Regina Rudaitytė, 2018-07-27 The advent of the new age has alerted us to the conflicted nature of historical memory which defined the 20th century while simultaneously assaulting us with new historical upheavals that demand responsibility and critical consideration As the historical text bears traces of the writing subject the element of deception is remarkable meaning historical memory easily lends itself to forgery and false and subjective projections As such how do we think about the past about history about memory and how does memory function Is history an objective account a collection of dry reliable facts Is it an imaginative narrative tinged with nostalgia a projection of our wishful thinking the workings of our subjective perceptions and attitudes our states of mind The essays in this volume focus on the relevance of the past to the present and future in terms of the shifting attitudes to personal and collective experiences that have shaped dominant Western critical discourses about history memory and nostalgia The contributors here take issue with the

have at least heard of Jane Austen and her novels are in the public domain Parrill 176 adapting them seems to be particularly attractive in regard to the low economic risk and reduced investment costs no acquisition of legal licences and little marketing costs Austen has become a cultural commodity almost a brand name Wiltshire 7 and there will probably always be new publications as long as there is such a keen and vast market The recent Austen Project published by Harper Collins sees six bestselling authors adapting Jane Austen's novels and transposing them into the twenty first century Economically it profits not only from Austen's fan base but also from the faithful readers of popular writers such as Val McDermid who adapted Jane Austen's Northanger Abbey This retelling is the latest publication of the Austen Project and seems particularly interesting since Northanger Abbey is chiefly concerned with the mocking of Gothic fiction and the vindication of reading It deals with bestsellers from the early nineteenth century and thus appears to be firmly rooted in its time Due to these intriguing particularities the paper at hand is based on Val McDermid's modern retelling of Northanger Abbey McDermid follows the plot structure very closely and the reinterpretation of the source text chiefly lies in the temporal linguistic and cultural update The plot is set in an environment shifted by two hundred years Bath has been swapped for the now more fashionable Edinburgh Festival Fringe and almost all characters are expertly tweeting texting and posting selfies on Facebook Whereas Austen set out to write an amusing burlesque and a vindication of novel reading McDermid's adaptation aims at pleasing the Austen familiar readers and at humouring them by applying a modern twist *Children's Writers' & Artists' Yearbook 2017* Bloomsbury Publishing, 2016-07-28 Foreword by Frances Hardinge The annual bestselling guide to all aspects of the media and how to write and illustrate for children and young adults Acknowledged by the media industries and authors as the essential guide to how to get published The 70 articles are updated and added to each year Together they provide invaluable guidance on subjects such as series fiction writing historical or funny books preparing an illustration portfolio managing your finances interpreting publishers contracts self publishing your work NEW articles for the 2017 edition included on Wanting to be a writer by Simon Mason Finding new readers and markets by Tom Palmer News and trends in children's publishing 2015 16 by Caroline Horn Series fiction writing as a part of a team by Lucy Courtenay Creating a children's comic by Tom Fickling All of the 2 000 listings of who to contact across the media have been reviewed and updated The essential guide for any writer for children
