Deeper Tunnels 2 Roderick Gordon:

Deeper (Tunnels #2) Roderick Gordon, Brian Williams, 2011-05-01 Now in paperback the New York Times Bestselling sequel to TUNNELS with bonus materials and a sneak peek at the third book in the series In TUNNELS boy archaeologist Will Burrows went in search of his missing father and discovered a sinister subterranean world Now wandering the dark hot bowels beneath the Colony with his best friend Chester and his brother Cal Will stumbles across the Styx s dastardly plan to enslave all Topsoilers by poisoning them with a lethal toxin Slowly he begins to piece together the plot But how can Will save all those above from annihilation when his own life is at risk down below and when his killer sister is still at large [A Seriously Useful Author's Guide to Marketing and Publicising Books](#) Mary Cavanagh, 2009 Gone are the times when most authors could relax and let their publisher sell their book for them Nowadays in a climate of increasing commercialisation the majority of authors both new and established are discovering that they get no help at all For the self published a rapidly expanding market this has always been largely the case but now nearly all authors are faced with the task of having to market and publicise their own book The prospect is a daunting one but without some form of self input it is rare for any book to sell in significant quantities However exactly what needs to be done to generate sales and to create a reputation for a book is often a mystery Thus *Seriously Useful* aims to demystify the processes in a concise lively and highly readable way Although primarily concerned with making sales it also offers some very useful pre publication advice including the options and benefits of self publishing In addition it reveals some essential inside information on how the books trade works so the author has an excellent understanding of their book s journey from manuscript to publisher to wholesaler to retailer to reader There are also some very useful contributions from other mainstream and self published authors Written by Mary Cavanagh a novelist and short story writer who has had first hand experience of both mainstream and self publishing Her previous work includes *The Crowded Bed* Transita 2007 and *A Man Like Any Other* The Priest s Tale Matador 2008 **Get Those Guys Reading!** Kathleen A. Baxter, Marcia Agness Kochel, 2012-05-07 Want to identify fiction books that boys in grades three through nine will find irresistible This guide reveals dozens of worthwhile recommendations in categories ranging from adventure stories and sports novels to horror humorous and science fiction books In *Get Those Guys Reading Fiction and Series Books that Boys Will Love* authors Kathleen A Baxter and Marcia A Kochel provide compelling and current reading suggestions for younger boys information that educators librarians and parents alike are desperate for Comprising titles that are almost all well reviewed in at least one major professional journal or that are such big hits with kids that they ve received the stamp of approval from the most important reviewers this book will be invaluable to anyone whose goal is to help boys develop a healthy enthusiasm for reading It includes chapters on adventure books animal stories graphic novels historical fiction humorous books mystery horror and suspense titles science fiction and fantasy and sports novels Within each chapter the selections are further divided into books for younger readers grades 3 6 and titles for older boys in grades 5

8 Elementary and middle school librarians and teachers public librarians Title One teachers and parents of boys in grades 3 9 will all benefit greatly from having this book at hand *Deeper* Roderick Gordon, 2009-06 Chinese edition of *Deeper Tunnels* Book or Tunnel 2 the sequel to *Tunnels* a suspense filled series It leaped onto the New York Times Bestseller List Chapter Books category as soon as it was published in 2 2009 *A History Of The Gordons* Kenn Gordon, 2020-12-22 This book will take an academic look at those who are of the Gordon name and clan There are already quite a few books about the Gordons but they either skip over the lineage or romanticise battles and positions held There are defining traits within the Gordon DNA that much is true however that does not always make us good people We strive to be the absolute best in our chosen fields That could be taking the fore in battles or being the best musician you can be There are amazing acts of bravery that have been carried out by the Gordons along with substantial acts of cowardice If that sounds like an oxymoron then you would be right as we occupy both ends of the moral and social scales The Gordons have fought for and against the Papacy We fought on both sides of the Jacobite rebellion We stood for and against England The Gordons even as individuals have fought on both sides in World War 1 and 2 There were Gordons on either side of communism We have been great scientists and doctors I have one son who is a great Chef and the other is a Quantum Physicist whilst I am a Musician and Writer So we all do have a personal choice but it is what and how you act upon us that will mark our places in the history of the Gordon name I wrote this book in the year 2020 when the world was facing a global pandemic Not only were our doctors and nurses fighting an invisible enemy Covid 19 but worse was happening on the streets around the world Racism seems to raise its ugly head when mankind is at its lowest ebb Black Lives Matter was a new movement To an old problem I feel that ALL Lives matter There are Gordons who are African Indian European Australian Asian North American and South American Those Gordons have every shade of skin colour that comes within the human range We also follow every faith and no faith at all If you go back far enough in any clan or race you will find some element of slavery We Gordons have also been on both sides of that evil We have been Slaves Slave Owners and even Slave Traders Slaves would normally keep their own first name but would also adopt the surname of the slave owner hence not all Gordons are Celtic Being involved in slavery is not a matter of pride to most Gordons it is just a matter of historical fact Tearing down statues or defacing buildings that bear the name of historical people to me is pointless It would be like tearing down the Auschwitz Museum There was a holocaust and Auschwitz is testament to that horror and by it being there it tells us not to forget When people tried to tear down the statue of William Wallace saying that he was a racist His statue is there because he fought for Scotland and its people There were 12 presidents of the USA that owned slaves Thomas Jefferson James Madison James Monroe Andrew Jackson Martin Van Buren William Henry Harrison John Tyler James K Polk Zachary Taylor Andrew Johnson and Ulysses S Grant You would have to tear down America and start building all over again starting with Washington DC and the White House We remember our history the good along with the bad in order to learn from our mistakes Consequently in this book you will find all the great

moments in the Gordon history since 66BC all the way up to 2020 You will also find the truth and the facts that point to unspeakable acts carried out sometimes in the name of the Gordon families other times just out of coincidence to them bearing the name of Gordon One such example would be the Highland clearances carried out by the Duke of Sutherland whose wife was Countess Elizabeth Gordon He committed an act of ethnic cleansing in the north of Scotland This is not something that gives me pride it is though part of my history and if you are a Gordon then it is part of your history especially if you can trace your roots back to that period in America Canada Newfoundland and Australia These were the predominant areas that the crofters from the north of Scotland were forced to flee too Gordons fought on both sides of the American Civil War The Gordons fought during the crusades it is even said that it was a Gordon that was responsible for the death of Richard The Lionheart This book is not a romanticised novel where facts are cherry picked I have written this as a non fiction work and as a starting point for any genealogical work you wish to embark upon I have taken information for many sources in order to complete this and I give thanks to the Encyclopaedia Britannica Wikipedia Ancestry online The Gordon Highlanders UK Census as well as reading many books on Scottish History and land ownership Long and Short of this book is that it is written by a Gordon for all Gordons *Talking Book Topics* ,2012 **Engineering and Mining Journal** ,1904

Bibliografia națională română ,2009 *School Library Journal* ,2009 **Who's Who of American Women 2004-2005** Inc. Marquis Who's Who,Who's Who Marquis,2004-06 A biographical dictionary of notable living women in the United States of America **Deeper** ,2019 *Tunnel Roderick Gordon*,Brian Williams,2008
