*Kids in Cages* Emily Ruehs-Navarro, Lina Caswell Muñoz, Sarah Diaz, 2024-11-05 In recent years the plight of immigrant children has been in the national spotlight A primary issue of concern is the experience of child migrants in detention by the U S government The authors in this volume approach the topic of child migrant detention from a range of perspectives Some authors particularly those who provide a legal perspective chronicle the harms of detention arguing that despite governmental assurances of child protection detention is fundamentally a state sanctioned form of violence The social scientists in the volume have worked closely with detained youth themselves in these chapters authors highlight the ways in which youth survive detention often through everyday acts of resistance and through the formation of temporary relationships Practitioners including psychologists activists and faith leaders look at forms of resistance to detention From retheorizing psychological interventions for detained youth to forming hospitality homes that act as alternatives to detention these practitioners highlight ways forward for advocates of youth At the heart of these narratives lies a crucial debate the tension between harm reduction strategies and abolition This interdisciplinary work brings together voices from the legal realm the academic world and the on the ground experiences of activists and practitioners Contributors Stella Akello Jessica Alaniz Aireen Grace Andal Samuel Arroyo Corey Brost Lina Caswell Mu oz Marisa Chumil Patricia Crowley Iman Dadras Sarah J Diaz Sandra Espinoza Jacqueline Florian Michael Gosch Darlene Gramigna Lisa Jacobs Katherine Kaufka Walts Corinne Kentor Jenn M Lilly Kathlyn Mulcahy Jennifer Nagda Vida Opoku Silvia Rodriguez Vega Emily Ruehs Navarro Herlin Soto Matute Luis Edward Tenorio Jajah Wu

Book jacket **Children in Immigrant Families in Eight Affluent Countries** Donald James Hernandez, Suzanne E.

Macartney,Victoria Lael Blanchard,2009 Among the critical knowledge gaps concerning children is a lack of systematic and validated evidence on the situation of children who have migrated with their parents While this gap exists for virtually all countries it is particularly striking for industrialized countries where data on children and families is otherwise generally complete This Innocenti Research Centre IRC study presents internationally comparable statistics on the family contexts in industrialized countries in which different groups of immigrant and native children live It is intended to promote a greater understanding of the situation of these children and the barriers to inclusion they may face and to make policy recommendations The research is complemented by a review of literature on the experiences of immigrant children outside the home their access to social services vulnerability situations of conflict with the law and inclusion and socialization in resident societies Sources of information include national censuses surveys and registration data as well as current literature from eight countries Australia France Germany Italy Netherlands Switzerland the United Kingdom and the United States
