Introducing Political Philosophy **Introducing Political Philosophy** Dave Robinson, 2014-12-01 Essential illustrated guide to key ideas of political thought Philosophers have always asked fundamental and disturbing questions about politics Plato and Aristotle debated the merits of democracy The origins of society the state and government authority were issues addressed by Hobbes Rousseau Hegel Marx and many other philosophers **Introducing Political Philosophy** explains the central concepts of this intriguing branch of philosophy and presents the major political theorists from Plato to Foucault How did governments get started Why should they be obeyed Could we live without them How much power should they have Is freedom a right Which is the best form of government In the wake of consumerism and postmodernism our need for a better grasp of political ideas is greater than ever Dave Robinson's account of this complex subject is always clear informative and accompanied by the entertainingly inventive illustrations of Judy Groves *Introducing Political Philosophy* Dan Cryan, Darian Leader, David Orrell, David Robinson, Ivan Ward, Joseph P. McEvoy, Laurence Gane, Nigel C. Benson, Stuart Sim, Sharron Shatil, 1998

Introducing Philosophy Dave Robinson, Judy Groves, 2014-06-05 Philosophers have always enjoyed asking awkward and provocative questions such as What is the nature of reality What are human beings really like What is special about the human mind and consciousness Are we free to choose who we are and what we do Can we prove that God exists Can we be certain about anything at all What is truth Does language provide us with a true picture of the world How should we behave towards each other Do computers think **Introducing Philosophy** is a comprehensive graphic guide to the thinking of all the significant philosophers of the Western world from Heraclitus to Derrida It examines and explains their key arguments and ideas without being obscure or solemn Lively and accessible it is the perfect introduction to philosophers and philosophical ideas for anyone coming to the subject for the first time **Introducing Anthropology** Merryl Wyn-Davis, 2014-12-01 Anthropology originated as the study of primitive cultures But the notion of primitive exposes presumptions of civilized superiority and the right of the West to speak for less evolved others With the fall of Empire anthropology became suspect and was torn by dissension from within Did anthropology serve as a handmaiden to colonialism Is it a science created by racism to prove racism Can it aid communication between cultures or does it reinforce our differences **Introducing Anthropology** is a fascinating account of an uncertain human science seeking to transcend its unsavoury history It traces the evolution of anthropology from its genesis in Ancient Greece to its varied forms in contemporary times Anthropology's key concepts and methods are explained and we are presented with such big name anthropologists as Franz Boas Bronislaw Malinowski E E Evans Pritchard Margaret Mead and Claude Levi Strauss The new varieties of self critical and postmodern

anthropologies are examined and the leading question of the impact of anthropology on non Western cultures is given centre stage **Introducing Anthropology** is lucid in its arguments its good humour supported by apt and witty illustrations This book offers a highly accessible invitation into anthropology

Introducing Philosophy Dave Robinson,2004 An accessible introductory guide to philosophy guides readers through the traditions of Western philosophy from Heraclitus to Derrida navigating some of the most vexing questions posed by the study of philosophy such as what is the nature of reality Reprint
