Discourse in Old Norse Literature Eric Shane Bryan, 2021 The vast and diverse corpus of Old Norse literature preserves the language spoken not only by the Vikings kings and heroes of medieval Scandinavia but also by outlaws missionaries and farmers Scholars have long recognized that the wealth of verbal exchanges in Old Norse sagas presents the modern reader with the opportunity to speak face to face as it were with these great voices of the past However despite the importance of verbal exchanges in the sagas there has been no book length study of discourse in Old Norse literature since 1935 This book meets the need for such a study by offering a literary analysis based on the adjacent field of pragmatic linguistics which recognizes that speakers often rely upon cultural situational and interpersonal context to communicate their meaning The resulting context dependent meaning often deviates from the base semantic and syntactical components of an utterance speakers hedge imply deflect to save face or obscure meaning to damage an opponent s self
