Lyric Encounters Daniel Morris, 2013-05-23 A new survey of twentieth century U S poetry that places a special emphasis on poets who have put lyric poetry in dialogue with other forms of creative expression including modern art the novel jazz memoir and letters Contesting readings of twentieth century American poetry as hermetic and narcissistic Morris interprets the lyric as a scene of instruction and thus as a public oriented genre American poets from Robert Frost to Sherman Alexie bring aesthetics to bear on an exchange that asks readers to think carefully about the ethical demands of reading texts as a reflection of how we metaphorically read the world around us and the persons places and things in it His survey focuses on poems that foreground scenes of conversation teaching and debate involving a strong willed lyric speaker and another self bent on resisting how the speaker imagines the world

The Harper American Literature Donald McQuade, Harper & Row, Publishers, 1987      **The Columbia Granger's Index to Poetry in Anthologies** Tessa Kale, 2007 For over a hundred years *The Columbia Granger's Index to Poetry in Anthologies* has been the preeminent index for answers to questions about the world of poetry, identifying the author of a poem or the anthologies in which it can be found when only a title, first line, or last line is known. This latest edition, a must-have for libraries, brings its index up to date as of May 31, 2006. This latest version features 85,000 classic and contemporary poems by 12,000 poets. Also included are works in translation and, for the first time, poetry in Spanish, Vietnamese, and French. The subject organization of the poems is especially useful. Hundreds of new subjects have been added, indexing poems on highly relevant topics such as Osama bin Laden, the war in Iraq, Dick Cheney, the Internet, and Rosa Parks, as well as timeless subjects like the Bill of Rights, unspoken love, faith, and inspiration. Our impressive team of consultants includes J. D. McClatchy, Harvey Shapiro, and former poet laureate Mark Strand. From *The Norton Anthology of Poetry* 2005 edition to *Poetry after 9/11* and Garrison Keillor's *Good Poems*, this new edition puts readers in touch with the best of the latest anthologies and the lasting favorites.      The Schomburg Center Guide to Black Literature Roger M. Valade, 1996. On a general topic such as Discrimination, a brief treatment is followed by a discussion of black authors who have written scholarly and popular works on discrimination and how the topic is reflected in creative works. Literary terms and genres are defined and explained in the context of black literature. Additional features include a chronology of events in black history and black literary history and an essay on the Schomburg Center. An index lists titles, names, and subjects covered in the text. Booklist      **The Black Interior** Elizabeth Alexander, 2004. With a poet's precision and an intellectually adventurous spirit, Elizabeth Alexander explores a wide spectrum of contemporary African American artistic life through literature, paintings, popular media, and films and discusses its place in current culture. In *The Black Interior*, she examines the vital roles of such heavyweight literary figures as Gwendolyn Brooks, Langston Hughes, and Rita Dove, as well as lesser-known yet vibrant new creative voices. She offers a reconsideration of afro-out painter Jean-Michel Basquiat, the concept of race pride in *Jet* magazine, and her take on Denzel Washington's career as a complex black male icon in a post-affirmative action era. Also available is Alexander's much-heralded essay on Rodney King, Emmett Till, and the collective memory of racial violence. Alexander, who has been a professor at the University of Chicago and Smith College and recently at Yale University, has taught and lectured on African American art and culture across the country and abroad for nearly two decades. In *The Black Interior*, she directs her scrupulous poet's eye to the urgent cultural issues of the day. This lively collection is a crucial volume for understanding current thinking on race, art, and culture in America.      **The Facts on File Companion to American Poetry** Burt Kimmelman, Temple
