Fun story format speeds retention of essential concepts. Designed to apply what you learn to the real world. The revolutionary approach of The Accounting Game takes the difficult subjects of accounting and business finance and makes them something you can easily learn, understand, remember, and use. Praise for The Accounting Game: The game approach makes the subject matter most understandable. I highly recommend it to anyone frightened by either numbers or accountants. John Hernandis, Director of Corporate Communications, American Greetings. Fantastic Learning Tool. Don't let this book title fool you. It is not an oversimplification of accounting and financial principles. It is however a serious and very effective examination of a very small but progressively complex business. There are not many books available on the market that make a complex and dry subject understandable and even fun. This book successfully does just that.
