Herd Register American Jersey Cattle Club,1923 *Post-Apartheid Same-Sex Sexualities* Andy Carolin,2020-12-30 This book examines how same sex sexualities are represented in several post apartheid South African cultural texts drawing on a rich local archive of same sex sexualities that includes recent fiction drama film photography and popular print culture While the book situates these texts within the specific context of post apartheid South Africa it also looks outwards towards transnational connectivity and cultural flows The author uses the idea of restlessness to refer to the uneven flow of cultural tropes political sentiment ideas ideologies and representational modes across geographical boundaries across time and space and between genres presenting sexual cultures as simultaneously rooted and transnational He focuses on how notions of race and gender in the shadow of colonialism and apartheid play out in the present and shape how sexualities are represented This interdisciplinary book offers a conceptual entry point to several areas of study including transnationalism literary and cultural studies critical race theory gender and sexuality studies and African studies and will be of interest to students and researchers across these fields Its inclusion of a range of textual genres extends its reach into visual culture film and media studies history and politics **Z Magazine** ,1999 **Exile & Pride** Eli Clare,2009 Rev ed of Exile and pride disability queerness and liberation 1999 *Feminist Studies* ,2005 *Mahabharat: The eternal Mirror of Human Conflict* K.N. Singh,2025-06-05 Mahabharata The Eternal Mirror of Human Conflict is a powerful exploration of the epic through the lens of modern life war science and society From conch shells to missiles from Draupadi s humiliation to modern gender debates this book draws connections between ancient dilemmas and contemporary questions ethics in warfare gender roles reproductive science and moral decay With reflections on Krishnas wisdom this book challenges readers to confront their own values It s not just mythology it s a mirror held up to timeless human struggles A must read for thinkers seekers and lovers of both history and humanity **Herd Register of the American Jersey Cattle Club** ,1918 **The story of the 34th company, Middlesex, imperial yeomanry** William Corner,1902 **The Columbia History of Latinos in the United States Since 1960** David G. Gutiérrez,2004-07-20 Latinos are now the largest so called minority group in the United States the result of a growth trend that began in the mid twentieth century and the influence of Latin cultures on American life is reflected in everything from politics to education to mass cultural forms such as music and television Yet very few volumes have attempted to analyze or provide a context for this dramatic historical development The Columbia History of Latinos in the United States Since 1960 is among the few comprehensive histories of Latinos in America This collaborative interdisciplinary volume provides not only cutting edge interpretations of recent Latino history including essays on the six major immigrant groups Mexicans Cubans Puerto Ricans Dominicans Central Americans and South Americans but also insight into the major areas of contention and debate that characterize Latino scholarship in the early twenty first century This much needed book offers a broad overview of this era of explosive demographic and cultural change by exploring the

recent histories of all the major national and regional Latino subpopulations and reflecting on what these historical trends might mean for the future of both the United States and the other increasingly connected nations of the Western Hemisphere While at one point it may have been considered feasible to explore the histories of national populations in isolation from one another all of the contributors to this volume highlight the deep transnational ties and interconnections that bind different peoples across national and regional lines Thus each chapter on Latino national subpopulations explores the ambiguous and shifting boundaries that so loosely define them both in the United States and in their countries of origin A multinational perspective on important political and cultural themes such as Latino gender systems religion politics expressive and artistic cultures and interactions with the law helps shape a realistic interpretation of the Latino experience in the United States
