**Genre Analysis and Corpus Design** Ulrike Henny-Krahmer, 2024-01-22 This work in the field of digital literary stylistics and computational literary studies is concerned with theoretical concerns of literary genre with the design of a corpus of nineteenth century Spanish American novels and with its empirical analysis in terms of subgenres of the novel The digital text corpus consists of 256 Argentine Cuban and Mexican novels from the period between 1830 and 1910 It has been created with the goal to analyze thematic subgenres and literary currents that were represented in numerous novels in the nineteenth century by means of computational text categorization methods To categorize the texts statistical classification and a family resemblance analysis relying on network analysis are used with the aim to examine how the subgenres which are understood as communicative conventional phenomena can be captured on the stylistic textual level of the novels that participate in them

**Expository Hermeneutics** Elliott E. Johnson, 1990 The purpose of this book is to provide an understanding of the rules of Bible interpretation and to lay the groundwork for testing the validity of one's interpretation and application Expository Hermeneutics breaks new ground in developing principles and strategies for the historical grammatical or literal interpretation of scripture

**The Longman Anthology of British Literature: The Middle Ages** David Damrosch, 2003 The Longman Anthology of British Literature is the most comprehensive and thoughtfully arranged book on the market Approaching literature from a broad cultural perspective the anthology offers a rich selection of fiction drama and poetry by major British authors The second edition of The Longman Anthology of British Literature includes key major additions of important works an expanded illustration program and new translation of Beowulf Fresh and up to date introductions and notes are written by an editorial team whose members are all actively engaged in teaching and in current scholarship and one hundred illustrations show both artistic and cultural developments from the medieval period through the 18th Century Perspectives sections shed light on individual periods but are also positioned to link with surrounding works Companion readings provide additional context for and special insight into key readings For avid readers of British Literature

**Style in Narrative** Patrick Colm Hogan, 2020-11-12 Literary style is something many people talk about but few could define Yet it is crucial for our response to narrative art Style can facilitate or obscure the events of a story or the motivations of a character enhance the aesthetic appeal of a narrative or complicate its emotional impact and even inflect the political or ethical implications of a work It is precisely this complex operation of style that Patrick Colm Hogan explains in Style in Narrative Drawing on recent psychological research this book proposes a new and clear definition of style and provides a systematic theoretical account of

style in relation to cognitive and affective science Hogan's definition stresses that style varies by both scope or the range of text or texts that may share a style and level the components of an individual work that might involve a shared style The book uses rich examples from literature film and graphic fiction including analysis of Virginia Woolf's *Mrs Dalloway* Shakespeare's canon William Faulkner's *As I Lay Dying* and Art Spiegelman's *Maus* as well as visual analysis of films by Robert Rodriguez Deepa Mehta Eric Rohmer M F Husain Yasujiro Ozu and Chuan Lu Through these studies Hogan identifies stylistic concerns common across mediums as well as the most consequential stylistic differences between them Bringing together three often separated mediums within a coherent framework *Style in Narrative* makes an important contribution to and necessary intervention in the field of stylistics

*Theories of Literary Genre* Joseph Strelka, 1978 The problem of literary genre and the theories dealing with it concern some of the most central and significant questions of literary criticism as well as of literary history It is not only one of the oldest but also one of the most genuinely literary principles of order in literary studies There seems however to be little agreement on how to use the concept of genre to create such order Indeed the concept of genre itself has been repeatedly questioned by recent criticism This book contains a comparative cross section of essays that offer different opinions and viewpoints on theories of literary genre Rather than dealing with the detailed problems inherent in various concepts of specific historical kinds of literature elegy hymn ode the chapters are concerned with basic general categories such as poetry and fiction They examine the possibilities and limitations of their usefulness as well as the theories underlying their history and structure An attempt is made to inform about the most important basic theories put forth by the different schools of thought in generic criticism
