book to develop the reader's working knowledge of all aspects of PRINCE2 2017. My primary goal is to provide you with a truly useful self-study manual for the PRINCE2 Foundation qualification. Although anything in this book can appear on the examination, certain parts of the method show up repeatedly. In the second part of the book, you will find a study guide with hints and tips for the revision process and 60 sample test questions followed by a separate section giving the answers and which element of the method each question is taken from. These questions are taken from official Axelos test papers and answers to make this as realistic as possible.
