develop efficient EC methods for design and problem solving All papers in this book were presented during EvoWorkshops 2005 which was a varying collection of workshops on application oriented aspects of EC Since 1999 the format of the EvoWorkshops has proved to be very successful and well representative of the advances in the application of EC Consequently over the last few years EvoWorkshops has become one of the major events addressing the application of EC In contrast to other large conferences in the EC field the EvoWorkshops focus solely on application aspects of EC and are an important link between EC research and the application of EC in a large variety of different domains
