**Strategic Management** Gregory G. Dess, G. T. Lumpkin, Alan B. Eisner, 2006 *Fresh Perspectives: Business management: UJ Custom Publication*, 2008 *Fresh Perspectives: MGI Custom Publication: Business Management*, 2009 *S.A.M. Advanced Management Journal*, 2002

Frontiers in Entrepreneurship Boris Urban, 2010-07-23. The series Perspectives in Entrepreneurship: A Research Companion provides an authoritative overview of specialised themes in entrepreneurship. Each of the four books presents the conceptual framework and foundations underlying a specialist field of scholarship in entrepreneurship. The series is inspired by the dearth of higher level texts available in South Africa failing to encapsulate the rigorous research evident in the growing field of entrepreneurship internationally. The content is driven by a judicious selection and interpretation of key knowledge set in context by introducing and delineating major topics previously not discussed in depth in traditional entrepreneurial texts. A blend of theoretical and empirical evidence is presented that collectively demonstrates the convergence of thinking on a particular theme. Identifying and evaluating the most seminal and impactful scholarly research on different subject areas where entrepreneurship is at the core serves to achieve this convergence. By applying a theoretical lens to central issues about entrepreneurship rather than focusing on practical issues of how to, the series has a conceptual outlook with specialist areas in detailed narrative. The book is deliberately structured to add value to learners who are undertaking secondary programmes in entrepreneurship by building on basic entrepreneurship principles and theory. The series builds on fundamental entrepreneurial texts. Each book provides a valuable knowledge base for educators, third year and postgraduate students, researchers, policy makers and service providers.
