Chapter 4: Carbon and the Molecular Diversity of Life

Concept 4.1 Organic chemistry is the study of carbon compounds

1. Study this figure of Stanley Miller's experiment to simulate conditions thought to have existed on the early Earth. Explain the elements of this experiment, using arrows to indicate what occurs in various parts of the apparatus.

2. What was collected in the sample for chemical analysis? What was concluded from the results of this experiment?
There were a variety of organic molecules that are common in organisms (hydrocarbons, amino acids, CH₂O, CH₄ and more)
concluded that organic molecules may have been synthesized abiotically on the earth

Concept 4.2 Carbon atoms can form diverse molecules by bonding to four other atoms

3. Make an electron distribution diagram of carbon. It is essential that you know the answers to these questions:

- a. How many valence electrons does carbon have? *4!!!*
- b. How many bonds can carbon form? *4!!! up to 4*
- b. What type of bonds does it form with other elements?

covalent bonds

4. Carbon chains form skeletons. List here the types of skeletons that can be formed.

- 1.) length
- 2.) presence of rings
- 3.) branching
- 4.) double bond position

5. What is a hydrocarbon? Name two. Are hydrocarbons hydrophobic or hydrophilic?

An organic molecule consisting only of carbon & hydrogen
HYDROPHOBIC

Ap Biology Chapter 4:

AP Biology Mark Anestis,2006-12 Provides a study plan to build knowledge and confidence discusses study skills and strategies provides two practice exams and includes a review of the core concepts covered by the material AP - Biology Gabrielle I. Edwards,Marion Cimmino,2001 General advice on test preparation and Advanced Placement Test question types is followed by extensive topic reviews that cover molecules and cells genetics and evolution and organisms and populations Four full length model AP Biology exams are given followed by answers and explanations for all questions Achieve the College Dream Maria Carla Chicuen,2016-05-19 Students with few resources rarely apply to top colleges Even when they have the academic and extracurricular merits to be admitted to institutions like Harvard Yale and Princeton these students usually opt for less selective universities Many ignore that top colleges are actively seeking outstanding candidates regardless of their economic background What s more a great number of colleges offers generous financial aid to make sure every student can afford to attend This book is the definitive resource to help high achieving low income students access the best possible college The author draws from her extensive experience in education to provide advice on important aspects of the path to college such as pursuing a strong high school curriculum preparing for standardized exams complementing learning at school developing leadership and finding expert help and role models all through affordable strategies In the book the author also guides students through the college application and selection processes as well as the steps to obtain enough financial aid From the very first page the author sheds light on her own journey to college through deeply personal vignettes demonstrating by example that students with few resources can reach and succeed at the top universities in the United States Learning and Understanding National Research Council,Division of Behavioral and Social Sciences and Education,Center for Education,Committee on Programs for Advanced Study of Mathematics and Science in American High Schools,2002-08-06 This book takes a fresh look at programs for advanced studies for high school students in the United States with a particular focus on the Advanced Placement and the International Baccalaureate programs and asks how advanced studies can be significantly improved in general It also examines two of the core issues surrounding these programs they can have a profound impact on other components of the education system and participation in the programs has become key to admission at selective institutions of higher education By looking at what could enhance the quality of high school advanced study programs as well as what precedes and comes after these programs this report provides teachers parents curriculum developers administrators college science and mathematics faculty and the educational research community with a detailed assessment that can be used to guide change within advanced study programs *Most Likely to Succeed* Tony Wagner,Ted Dintersmith,2015 From two leading experts in education and entrepreneurship an urgent call for the radical re imagining of American education so that we better equip students for the realities of the twenty first century economy Today more than ever we prize academic achievement pressuring our children to get into the right colleges have

the highest GPAs and pursue advanced degrees But while students may graduate with credentials by and large they lack the competencies needed to be thoughtful engaged citizens and to get good jobs in our rapidly evolving economy Our school system was engineered a century ago to produce a work force for a world that no longer exists Alarming our methods of schooling crush the creativity and initiative young people need to thrive in the twenty first century In *Most Likely to Succeed* bestselling author and education expert Tony Wagner and venture capitalist Ted Dintersmith call for a complete overhaul of the function and focus of American schools sharing insights and stories from the front lines including profiles of successful students teachers parents and business leaders *Most Likely to Succeed* presents a new vision of American education one that puts wonder creativity and initiative at the very heart of the learning process and prepares students for today s economy This book offers parents and educators a crucial guide to getting the best for their children and a roadmap for policymakers and opinion leaders *Barron's how to Prepare for the Advanced Placement Examination AP Biology* Gabrielle I.

Edwards, Marion Cimmino, 1992 This newly updated manual contains three model exams with answers and explanations plus a detailed review of college level biology that covers all AP exam topics Practical advice is also given for the essay question and short answer questions ***Memoirs of the Wistar Institute of Anatomy and Biology*** ,1915 *Integrating Racial Justice Into Your High-School Biology Classroom* David Upegui, David E. Fastovsky, 2023-09-12 In this guide educators and authors David Upegui and David E Fastovsky offer a pedagogical prescription for how you can integrate the study of racial justice with evolutionary biology in your existing high school biology curriculum Designed as a practical manual for teaching the chapters focus on teaching concepts of equity through evolutionary biology modules a cornerstone for building students scientific understanding of biotic diversity The book provides pedagogical components alongside historical and scientific components with contextual chapters that give teachers the background knowledge to understand the historical relationship between science and racism for topics such as natural selection social justice and American slavery and colonization Ready to use lesson plans are situated in a historical and theoretical context of science as it relates to racial oppression and demonstrate how rigorous science education can lead to your students liberation and personal empowerment despite the historically problematic history of some applications of science These lesson plans and classroom exercises are presented in a way that introduces the timely extra dimension of anti racism into the existing biology curricula without significantly increasing teaching loads The contextual material provided allows the lessons to be implemented across a variety of classrooms regardless of initial familiarity with DEI Ideal for secondary biology teachers and their students particularly in grades 10 12 this book synthesizes timely ideas for high school educators harnessing the power of rigorous science to combat marginalization Lessons and activities have been classroom tested and are aligned with three different standards Next Generation Science Standards NGSS College board AP Biology Vision and Change and use the 5E format *Molecular Mechanisms for Protein Transport and Regulation of Membrane Fusion in the Vacuolar Protein Sorting Pathway* Tamara
