

AP Psychology

2013-2014 Syllabus

Course Description

The purpose of the AP Psychology course is to introduce students to the systematic and scientific study of the behavior and mental processes of human beings and other animals. Students are exposed to the psychological facts, principles, and phenomena associated with each of the major subfields within psychology. They also learn about the ethics and methods psychologists use in their science and practice.

Course Objectives

1. Students will prepare to do acceptable work on the AP Psychology Examination.
2. Students will study the major core concepts and theories of psychology. They will be able to define key terms and use them in their everyday vocabulary.
3. Students will learn the basic skills of psychological research and be able to apply psychological concepts to their own lives.
4. Students will develop critical thinking skills.
5. Students will build their reading, writing and discussion skills as well as learn about psychology as a profession.
