**Tourism Economics and Policy** Larry Dwyer, Peter Forsyth, Wayne Dwyer, 2020-01-14 Since the publication of the first edition of this seminal textbook the tourism economics landscape has undergone many changes In this concise revised edition the authors have incorporated new approaches and ideas influencing tourism economics and policy This includes discussions of the implications of the sharing economy and its effect on industry structure in accommodation and transport and Artificial Intelligence AI techniques that are being increasingly employed in tourism forecasting It also includes new material on surface and marine transport resident quality of life issues the price mechanism the economic contribution of tourism tourism and economic growth and tourism and sustainable development It remains an important and accessible text for students researchers and practitioners in tourism economics and tourism policy

Robotics, AI, and Humanity Joachim von Braun, Margaret S. Archer, Gregory M. Reichberg, Marcelo Sánchez Sorondo, 2021-02-12 This open access book examines recent advances in how artificial intelligence AI and robotics have elicited widespread debate over their benefits and drawbacks for humanity The emergent technologies have for instance implications within medicine and health care employment transport manufacturing agriculture and armed conflict While there has been considerable attention devoted to robotics AI applications in each of these domains a fuller picture of their connections and the possible consequences for our shared humanity seems needed This volume covers multidisciplinary research examines current research frontiers in AI robotics and likely impacts on societal well being human robot relationships as well as the opportunities and risks for sustainable development and peace The attendant ethical and religious dimensions of these technologies are addressed and implications for regulatory policies on the use and future development of AI robotics technologies are elaborated

Handbook of Governance in Small States Lino Briguglio, Jessica Byron, Stefano Moncada, Wouter Veenendaal, 2020-12-17 This volume covers a wide spectrum of governance issues relating to small states in a global context While different definitions of governance are given in the chapters most authors associate

governance with the setting and implementation of policies aimed at managing a country or territory and with the related institutional structures and interventions by political actors Generally good governance is associated with concepts such as policy effectiveness accountability transparency control of corruption encouragement of citizens voice and gender equality factors which are in turn linked with democracy What emerges from the book is that the societies of small states are being re shaped by various forces outside their control including the globalization process and climate change rendering their governance ever more complex These problems are not solely faced by small states but small country size tends to lead to a higher degree of exposure to external factors The chapters are grouped into four sections broadly covering political environmental social and economic governance Governance is influenced by many often intertwined factors the division of the book into four parts therefore does not detract from the fact that governance is multifaceted and such division was based on the primary focus of each particular study and its main disciplinary background The expert authors have moreover used a variety of approaches in the studies the subject of small states being well suited to scholarly work from different disciplines using qualitative quantitative and mixed approaches to arrive at useful conclusions

**Hospitality Today** Rocco M. Angelo, Andrew N. Vladimir, 1994 [Conflicts, Religion and Culture in Tourism](#) Razaq Raj, Kevin A Griffin, 2017-10-10

[Conflicts Religion and Culture in Tourism](#) highlights the role of religious tourism and pilgrimage as a tool for improving cultural relations Helping to form culture and society worldwide faith plays a vital part in cross cultural conflict resolution and opening dialogue across peoples This book shows how faith and activism can respond to the common challenges of peace making and coexistence both within and among the world s many traditions [Conflicts Religion and Culture in Tourism](#) provides a timely assessment of the increasing linkages and interconnections between religious tourism and secular spaces on a global stage Written from a multidisciplinary perspective it provides an invaluable resource for those studying and researching religion tourism and cultural management
